HCMC, April 25th, 2022

Regarding: Result Explanation for
the Consolidated Financial
Statements Quarter I 2022

To:

- **The State Securities Commission**
- **Ho Chi Minh Stock Exchange**

According to our Business Performance Quarter I/2022 of the Consolidated financial statements dated April 25th, 2022, the Company would like to clarify the changes as below:

Indicators	Quarter I/ 2022 (VND)	Quarter I/2021 (VND)	Up/Down (%)
Net revenue	7,008,700,192,373	5,006,797,483,026	+40%
Profit after tax	210,838,204,771	106,712,927,138	+98%

Reasons:

In 1Q22, total revenue reached VND 7,009 billion, soaring 40% year on year and profit after tax reached VND 210 billion, up 98% year on year. This growth came entirely from core businesses:

- **Laptops and tablets:** Benefiting from the holiday seasons, improved consumer spending and sentiment, the revenue of this segment recorded a yoy growth rate of 64%, reaching VND 2,252 billion.
- **Mobile phones:** Q1/2022 is still the peak season for Apple products lines, boosted by the launch of Xiaomi phones, helping this segment grow by 37% over the previous corresponding period, reaching VND 3,880 billion.
- **Office equipment:** The demand for IoT devices and home appliances increased sharply during the holidays, backed by improved income and consumer sentiment, helping this segment maintain a good growth rate of 12% to VND 806 billion.
- **Consumer goods:** The peak season for anti-pandemic products has passed and hence, this segment only posted a revenue of VND 71 billion, down by 12% yoy.

Sincerely.
