Ho Chi Minh City, 28th October, 2022Regarding: Result Explanation for
the Seperate Financial Statements
3rd Quarter of 2022

To:

- **State Securities Commission of Vietnam**
- **Ho Chi Minh Stock Exchange**

Based on the seperate business results of the third quarter of 2022 of the Seperate Financial Statements prepared by the Company on October 28, 2022. The Company explains the reasons for the change in some indicators of this report in 2022, compared with the same period in 2021, the details are as follows:

Indicators	3 rd Quarter of 2022	3 rd Quarter of 2021	Increase/decrease (%)
Net Revenue	5,988,190,371,225	3,821,100,171,070	+57%
Profit after Tax	185,921,577,554	107,070,782,751	+74%

Reasons:

In the third quarter of 2022, total revenue reached VND 5,988 billion, up 57% and profit after tax reached VND 186 billion, increasing 74% yoy. This growth came entirely from the core business:

- Laptops and tablets: The third quarter was the peak season of the laptop market, so despite the decline in consumer demand, revenue from this segment still grew by 33% over the same period.
- Mobile phones: in Q3, revenue of this segment recorded a strong growth of 74%, thanks to the rebound in consumer demand along with the increase in market share of Xiaomi and the contribution to the revenue of mobile phones. collected from iPhone lines.
- Office equipment: Revenue from this segment doubled year-on-year thanks to growth in all product groups such as server, PC, security solutions, data storage devices, IoTs products, and power solutions...
- Home appliances: in Q3, this segment recorded more revenue from 2 new brands, Whirlpool and Xiaomi TVs, with positive revenue signals, this segment recorded the growth of 659% yoy.
- Consumer goods: revenue from this segment downed 22% yoy due to the decline in consumer demand.

Thus, in the first 9 months of 2022, the Company achieved a revenue of VND 17,788 billion, an increase of 37%, and profit after tax reached 543 billion VND, a rise of 60%.
