Date	03/06/2025
Subject	Report on overcoming the status of warned and supervised securities

Content:

On March 06, 2025, An Giang Import - Export Company reports the measures and roadmap to overcome the status of securities being put under warning and supervision with details as follows:

1. For warning status:
 - The Company has not received balance confirmation letters from some customers. The Company is sending debt reconciliation documents and confirming balances for the 2024 audited financial statements.
 - Looking for partners to liquidate some assets, as well as the investment withdrawal at subsidiaries and associated companies.
2. For supervision status:
 - Review production processes to reduce waste, improve efficiency in the use of raw materials, labor and machinery; optimize human resources and sales costs to improve production and business activities.
 - Strengthen bad debt collection by legal measures, liquidate assets to supplement its working capital and restructure debts, implement the capital withdrawal at subsidiaries and associated companies.
