- The Chairman appoints one or more persons to form the Delegates Eligibility Verification Committee.
- The Committee consists of 03 members, including 01 Head and 02 members.
- Responsibilities of the Committee:
 - + Verify the eligibility and attendance of shareholders or their representatives attending the meeting.
 - + The Head of the Delegates Eligibility Verification Committee reports to the General Assembly on the attendance of shareholders. If the meeting has sufficient shareholders or authorized representatives, holding over 50% of the total voting shares, the Annual General Meeting can proceed.

4.9 Speaking at the General Meeting of Shareholders

- Delegates attending the General Meeting who wish to speak must obtain the consent of the Chairman of the General Meeting. Delegates should speak concisely and focus on the key issues to be discussed, in accordance with the agenda approved by the General Meeting, or submit their comments in writing to the Secretary of the General Meeting for reporting to the Chairman.
- The Chairman will arrange for delegates to speak in the order of their registration and will address shareholders' queries during the meeting or note

them for a written or other form of response later.

4.10 Voting to approve issues at the General Meeting

4.10.1 Principles

- All matters in the agenda and content of the meeting must be discussed and voted on publicly by the General Assembly of Shareholders.
- The Company will print and seal voting cards, voting ballots and election ballots, which will be directly distributed to delegates at the meeting (along with the meeting materials). The voting cards, voting ballots and election ballots will clearly indicate the delegate's ID number, full name, number of owned shares, and the number of authorized shares for which the delegate is entitled to vote or elect.
- The chairman proposes voting methods for each item on the agenda for the General Meeting to approve.
- The method of direct voting on the issues at the Annual General Meeting of Shareholders 2025 is as follows:
 - + Voting by raising the voting card: This method will be used to approve issues such as: Personnel of the Presidium; Personnel of the Vote Counting Committee; Working regulations at the General Meeting; Agenda of the General Meeting; Regulations on Nomination, Self-Nomination, and Additional Election of Members to the Board of Supervisors for the 2023 - 2028 Term; Minutes of the General Meeting, Resolution of the General Meeting, and other contents at the General Meeting (if any);
 - + Voting by filling out a voting ballot: This method will be used to approve issues such as: Report on the Activities of the Board of Directors and Business Performance Report for 2024, Orientation for 2025; Report of the Board of Supervisors for 2024; the Audited Separate and Consolidated Financial Statements for 2024; and voting on the content of the proposals presented during the meeting.

4.10.2 Voting methods

- Delegates cast their votes to Approve, Disapprove, or Abstain on a given issue presented for voting at the General Meeting by raising their voting cards or marking the corresponding options on the voting ballot as outlined in Section 4.10.1.

- When voting by raising a voting card, the front of the voting card must be held high towards the Presidium. If a delegate raises the voting card more than once to vote "Approve", "Disapprove", or "Abstain" on an issue, it will be considered an invalid vote. For voting by raising the voting card, the Vote Counting Committee member will mark the delegate's ID number and the corresponding voting result of each shareholder (Approve, Disapprove, Abstain, or Invalid).
- When voting by filling in the voting ballot, for each issue, delegates select one of the three options "Approve", "Disapprove", or "Abstain" that are pre-printed on the voting ballot by marking an "X" or "✓" in the box they choose. After completing all the issues to be voted on, delegates submit the ballot to the sealed ballot box at the General Meeting, following the instructions of the Vote Counting Committee. The voting ballot must be signed and include the full name of the delegate..

4.10.3 Validity of Voting Ballots

- **A valid voting ballot** is one that follows the pre-printed template issued by the Organizing Committee, stamped with the company's red seal, and is free from erasures, corrections, tears, or any alterations. No additional content should be written on the ballot other than the designated options. In cases of direct voting or voting by remote means (such as by mail, fax, email, or other methods according to the company's charter), the ballot must be signed and include the full name (written by hand) of the delegate, and sent to the Vote Counting Committee before the vote count begins..

The voting ballot is considered valid if the delegate marks one (1) of the three (3) available options on the ballot.

- **Invalid voting ballots:**
 - + If additional content is written on the ballot.
 - + If the ballot does not follow the pre-printed template provided by the Organizing Committee, lacks the company's red seal, or has been erased, corrected, torn, damaged, or contains additional content beyond the prescribed format for the voting ballot. Also, if the ballot lacks a signature or does not have the full name (written by hand) of the delegate, then all content on that ballot will be considered invalid.

- + In cases where multiple issues are included in one ballot, each issue should be voted on independently. The invalidity of one issue will not affect the validity of the other issues.

4.10.4 Voting Rules

- Each common share represents one voting right. Each delegate attending and representing one or more voting rights will be provided with a Voting Card and a Voting Ballot.
- As of the shareholder registration date (March 3, 2025), the total number of shares of the Company is 24,502,245 shares, which corresponds to 24,502,245 voting rights.
- Issues to be voted on at the General Meeting can only be approved if more than 50% of the total voting rights of all attending and voting shareholders are in favor. Certain matters, as stipulated in Clause 1, Article 21 of the Company's Charter, approval requires at least 65% of the total voting rights of all attending and voting shareholders in favor.
- Note:
 - + Shareholders or their authorized representatives with related interests do not have voting rights on contracts or transactions with parties specified in Clause 9, Article 46 of the Company's Charter, if the value of the contract or transaction is 20% or more, or if the transaction value within 12 months from the first transaction exceeds 20% of the total assets value as stated in the latest financial statements. These contracts or transactions will only be approved if at least 65% of the remaining voting rights are in favor (according to Points a, Clause 11, and Clause 12, Article 46 of the Company's Charter).
 - + Shareholders or their authorized representatives owning 51% or more of the total voting shares, or related persons, do not have voting rights on contracts or transactions involving loans, lending, or sales of assets valued over 10% of the total assets as listed in the Company's latest financial report between the Company and that shareholder (according to Point b, Clause 11, and Clause 12, Article 46 of the Company's Charter).

4.10.5 Recording Voting/ Election Results

- For complex matters or if shareholders request, the Company will appoint

an independent organization to collect and count the votes.

- The Voting Committee is responsible for collecting the voting ballots and election ballots.
- The Voting Committee will verify the number of "Approve", "Disapprove", or "Abstain" votes for each issue and is responsible for recording, tallying, and reporting the voting results at the General Meeting of Shareholders.

4.11 Election of the Board of Supervisors

The election of members to the Board of Supervisors shall be carried out in accordance with the Regulations on Nomination, Self-Nomination, and Additional Election of Members to the Board of Supervisors for the 2023 - 2028 term, which must be approved by the General Meeting of Shareholders at the meeting.

4.12 Meeting Minutes, Resolution of the General Meeting of Shareholders

All matters discussed at the General Meeting of Shareholders must be recorded in the Minutes of the Meeting by the Secretary of the Meeting. The Minutes of the Meeting must be read and approved before the meeting is adjourned.

The resolutions, meeting minutes of the General Meeting of Shareholders, the annex listing the shareholders registered to attend the meeting, proxy forms, all documents attached to the minutes (if any), and related materials must be kept at the Company's headquarters.

The resolutions, minutes of the General Meeting of Shareholders, and the related documents must be disclosed in accordance with the legal regulations on information disclosure in the securities market.

5. Implemented

- All delegates, representatives, and guests attending the Meeting are responsible for fully complying with the contents specified in this Regulation, the current internal rules, regulations, and legal provisions of the Company, and relevant laws.
- The convener of the General Meeting of Shareholders has the right to:
 - + Request all attendees to undergo inspection or other security measures;
 - + Request competent authorities to maintain order during the meeting; expel individuals who fail to comply with the Chairman's directions, intentionally disrupt order, impede the normal proceedings of the

meeting, or do not comply with security inspection requests, from the General Meeting of Shareholders.

- Any issues not specifically regulated in this Regulation will be handled according to the provisions of the Company's Charter, the Enterprise Law 2020, and the current legal documents of the State.

This Regulation is effective immediately after being approved by the Company's General Meeting of Shareholders.

 - + Shareholder delegates may accumulate all their votes for one or more candidates.
 - + Each attending shareholder shall be given one election ballot for electing members of the Board of Supervisors. Upon receiving the ballot, shareholders must verify the information printed on it; any errors must be immediately reported to the Vote Counting Committee.
 - + In the event that additional candidates are introduced during the General Meeting, delegates may request a new election ballot from the Vote Counting Committee and must return the old election ballot (before casting it into the ballot box).
 - + Instructions for filling out the election ballot:
 - A delegate may elect for a maximum number of candidates equal to the number of members to be elected;
 - If allocating all votes equally to one or more candidates, the delegate shall tick the box labeled "Equal Vote Allocation" next to the corresponding candidates.
 - If allocating unequal votes to individual candidates, the delegate shall specify the number of votes cast in the box labeled "Number of votes" next to the corresponding candidates.

Note:

In the event that a delegate both ticks the "Equal Vote Allocation" box and writes a number of votes in the "Number of votes cast" box, the result shall be based on the number indicated in the "Number of votes" box.

- Election ballots must be placed into the sealed ballot box before the vote-counting process begins..

- Valid ballots: is one that follows the pre-printed template issued by the Organizing Committee, bears the Company's red seal, contains no erasures, scratches, or alterations, and does not include any additional content beyond what is specified in the ballot regulations..
- The following ballots shall be deemed invalid:
 - + Contain any additional content not in accordance with the ballot template;
 - + Are not based on the pre-printed template issued by the Organizing Committee, do not bear the Company's red seal, or have been erased, scratched, or contain unauthorized content;
 - + List more candidates than the number of members to be elected;
 - + Contain a total number of votes allocated to candidates that exceeds the total number of votes allowed for the delegate;
 - + Do not contain the delegate's signature and full name.
- After the voting session ends, vote counting shall be carried out under the supervision of the Vote Counting Committee and shareholder representatives (if necessary).
- The Vote Counting Committee is responsible for preparing the vote-counting minutes, announcing the results, and working with the Presidium to address any questions or complaints from shareholders (if any).
- All ballots shall be archived according to regulations and may only be opened upon the request of the Company's General Meeting of Shareholders.

VI. Election Principles for Selecting Successful Candidates:

- Elected candidates shall be determined based on the number of votes received in descending order, starting from the candidate with the highest number of votes until the required number of members is fulfilled.
- In case two (02) or more candidates receive the same number of votes for the final position, a re-election shall be held among those candidates.
- If the first round of voting does not result in the required number of elected members, additional rounds shall be conducted until the number of elected members is sufficient.

Nominators of candidates for the Board of Supervisors shall be legally responsible before the General Meeting of Shareholders for the accuracy and truthfulness of the contents of the candidates' application dossiers.

The above constitutes the full Regulations on nomination, self-nomination, and additional election of members to the Board of Supervisors for the 2023 - 2028 term, submitted for consideration and approval by the 2024 Annual General Meeting of Shareholders of ICD Tan Cang – Long Binh Joint Stock Company

This Regulation is effective immediately after being approved by the Company's General Meeting of Shareholders.

2. Resolutions and Decisions of the Board of Directors

In 2024, under the direction of the Board of Directors (BOD), the Board of Management successfully carried out the assigned tasks. Through BOD meetings, the Board of Management reported on the company's business operations and proposed appropriate solutions and policies aligned with the direction and guidance of the BOD to promptly resolve the company's difficulties.

The Board of Management fully implemented the resolutions of the Annual General Meeting of Shareholders (AGM) in 2024, executed business activities as planned, ensured safety, and maintained continuous business operations. As a result, the consolidated business performance in 2024 achieved a total revenue of VND 509,878 million, reaching 93.33% of the target; consolidated after-tax profit was VND 103,198.03 million, achieving 99.34% compared to the same period.

Through its meetings throughout the year, the Board of Directors highly appreciates the efforts of the Board of Management in ensuring the achievement

of business targets and management tasks.

3. Activities of the Independent Board Member and Their Evaluation of the Board's Performance.

The company has 01 independent board member. The independent board member plays a critical role in evaluating and overseeing the activities of the Board of Management objectively, ensuring that conflicts of interest among stakeholders are avoided, and providing strategic guidance and business planning suggestions to the Board of Directors.

The independent board member has actively participated in providing feedback on the company's business operations and corporate governance.

According to the independent board member's evaluation, the Board of Directors has carried out its duties and responsibilities in accordance with the Company's Charter and the Law on Enterprises. It has successfully implemented the resolutions of the General Meeting of Shareholders and effectively carried out its role in corporate governance.

4. Supervision Results of the Board of Directors on the Board of Management and Other Executives:

In 2024, under the direction of the Board of Directors (BOD), the Board of Management performed well in carrying out its assigned tasks. Through BOD meetings, the Board of Management reported on the business activities of the unit and proposed appropriate solutions and policies in line with the BOD's direction to resolve the Company's difficulties and challenges in a timely manner.

The Board of Management reported on the company's business performance and proposed solutions and policies aligned with the BOD's guidance to address the Company's challenges. The BOD highly appreciated the actions taken by the Management in 2024, particularly given the many domestic economic challenges, intense competition, and global volatility. The supply of warehouse space exceeded demand in various regions of the Southeast, particularly in Binh Duong, Dong Nai, and Long An, making competition increasingly complex. As a result, the exploitation of ICDLB's warehouse services faced many challenges, with the average warehouse occupancy rate only reaching 80%, leading to a decrease in related logistics services.

The Board of Directors commends the Board of Management for their efforts

in meeting the business objectives and operational management. The management successfully implemented various measures, including enhancing system connectivity, focusing on improving efficiency, cost management, and flexible business policies to achieve the business targets set. They also successfully completed legal procedures (dry port licensing, environmental permits, and bidding procedures for warehouses 26 and 27). The revenue reached approximately 90%, while the profit achieved 100% of the business plan for 2024, as approved by the General Meeting of Shareholders.

The Board of Directors emphasized and reminded the Board of Management about legal regulations according to the 2024 Land Law, which includes provisions related to managing and using defense and security land for production, construction, and economic development activities effective from August 1, 2024, along with a series of legal documents related to business activities (Real Estate Business Law, Bidding Law, and other relevant regulations taking effect in 2024 or passed by the National Assembly in 2024). The Board also requested the Board of Management to complete the procedures for increasing charter capital on schedule, in accordance with current regulations, and finalize this process by the beginning of the second quarter of 2025.

The Board of Management will focus on expanding business in two key areas: warehouse operations and dry port operations. They will ensure the quality of services and implement the "customer-centric" policy. Additionally, cost control and receivables management will be prioritized to increase business efficiency, with the goal of improving customer service through better information flow. Flexible pricing policies will be applied for customers within the system, and participation in 3PL service provision projects and the gradual move towards offering specialized warehouse services connected to port services will continue. Other strategies include wage reform and administrative streamlining measures. Management will continue to apply warehouse management software to reduce costs while maintaining service quality, increase effectiveness, and improve the Company's competitiveness. Infrastructure upgrades, the use of IT in management and service provision, and the development of a "smart warehouse, green warehouse, green port" model will be pursued to ensure the goal of sustainable development (ESG).

5. Remuneration, Operating Expenses, and Other Benefits of the Board of Directors and Each Board Member.

The company provides salaries to the full-time Chairman of the Board of Directors, Director, and Members of the Board of Directors, as well as remuneration to other Board members.

The remuneration, salaries, bonuses, and other benefits calculated for the financial year (from January 1, 2024 to December 31, 2024) for the Board of Directors are as follows:

No.	Name	Position	Remuneration, Salary, Bonus, Other Benefits (VND)	Note
1	Tran Trieu Phu (**)	Chairman of BOD	415,702,265	Salary, Management Bonus, Other Benefits

6	Nguyen Duc Anh (***)	Member of BOD	84,000,000	Remuneration
7	Ha Anh Dung (*)	Member of BOD	59,500,000	Remuneration

(*) Members joining the BOD from April 17, 2024.

(**) Members dismissed from the BOD from April 17, 2024.

(***) Remuneration transferred to Tan Cang Sai Gon Corporation.

Time of occurrence: January 1, 2024 to December 31, 2024 (from the salary fund, bonus fund, remuneration, and related allowances from company operations).

6. Operational Direction of the Board of Directors for 2025.

Objective: Key economic targets for 2025 include: revenue growth of over 10%; an 8% increase in profit before tax compared to 2024; and 100% of investment and procurement projects comply with legal regulations, meeting required progress and quality standards.

Some key tasks are as follows:

- Maintain regular Board meetings to promptly review, agree upon, and decide on matters within the Board's authority, and promptly amend, supplement, or issue operational regulations as necessary.

- Monitor the activities of the Board of Directors and perform periodic and ad-hoc evaluations (including the implementation of resolutions from the General Meeting of Shareholders (GMOS), Board resolutions, and relevant regulations).

- Oversee and manage investments outside the company (through representatives of the company's shareholding in businesses in which the company participates). Execute the divestment at ICD Tan Long JSC following the proper procedures and ensuring the Company's best interests.

- Strengthen the role of Internal Audit to help the Board ensure compliance with the company's regulations.

- Ensure legal compliance for listed companies according to the Securities Law and the Enterprise Law, maintaining the quality of information disclosure.

- Supervise the investment in the construction of warehouses 26 and 27 in Long Binh Service Area, ensuring compliance with strict procedures, timelines, and quality standards while optimizing financial performance and effective utilization.

- Develop the second core business pillar: effective port and logistics services, enhancing capacity, expanding the market, and ensuring the company's rapid and sustainable development.

- Implement the reporting on the results of the share issuance to increase charter capital as per the Annual General Meeting's resolution in 2024 (Resolution No. 02/2024/NQ-DHĐCĐ dated April 17, 2024), registering, depositing, and ensuring the newly issued shares are listed on the Ho Chi Minh City Stock Exchange according to legal requirements.

- Develop business operations towards digitization, greening, and administrative reform based on three platforms of business governance while expanding operations. Facilitate the Board in executing investment solutions, business strategies, attracting customers, shipping companies, enhancing competitiveness, and expanding services. Establish ICD Tan Cang Long Binh as a professional logistics service provider, a modern, green logistics center based on the two core business pillars. Implement solutions to enhance service quality with a customer-centric approach, building the ICD Tan Cang Long Binh brand to new heights. Adhere to the corporate culture code of Tan Cang Saigon Corporation, make breakthroughs in digital transformation, apply technology in management, governance, and operations to improve labor productivity, utilize green energy to reduce CO2 emissions, and apply green warehouse and port construction standards, seeking international certification for such practices.

PART 2: REPORT ON BUSINESS PERFORMANCE FOR 2024 AND

ORIENTATION FOR 2025.

I/ REPORT ON THE IMPLEMENTATION OF THE BUSINESS PLAN FOR 2024

1. Market Situation Overview

The economy shows signs of recovery; however, global economic growth remains volatile, with weak consumer demand. Domestic export and import activities have seen a recovery, but most orders are short-term in nature. The demand for off-site warehouse storage remains low. Warehouse supply exceeds demand across various provinces in the Southeast region, particularly in Bình Dương, Đồng Nai, and Long An. On average, large warehouse providers have around 20-30% of their total space available, and the newly-invested warehouse areas continue to increase, making competition extremely complex.

The goods stored at ICDLB's warehouse are primarily raw materials used for production, with finished products focused on industries such as furniture, electronics, and agricultural products (e.g., coffee, cashews, cotton). These items have not significantly recovered in terms of business performance this year. The performance of ICDLB's warehousing services faced many challenges, with the average warehouse utilization rate only reaching 80%, leading to a decline in accompanying logistics services.

In 2024, the company faced numerous challenges, as discussed above. However, the company has implemented several measures, including system integration, improving efficiency, production and business management, cost management, and flexible business policies to achieve the set business targets.

II/ INVESTMENT BY SOURCE OF CAPITAL

1. Market situation

The economic outlook for 2025 is expected to remain complex and unpredictable. The logistics industry will face challenges related to the potential consequences of trade competition between major countries and tax policies. Economic growth is not yet stable, and traditional large import and export markets may shrink due to a reduction in consumer demand for goods.

In the early months of 2025, the warehouse utilization rate is expected to remain low as projects utilizing short-term warehouse space come to an end, and the demand for warehouse services is anticipated to be low in the first quarter. This will directly impact the company's business results.

3.2. Solutions for Business Production Direction in 2025

The company operates its business based on two main pillars: Warehousing and Inland Port services. To achieve the business goals and targets for 2025, the company will continue to implement measures to overcome current challenges and make efforts to meet the set business objectives. Some specific solutions will focus on maintaining competitiveness, attracting customers when service demand returns, ensuring service quality, and implementing policies to share difficulties in order to retain existing clients. Efforts will also be made to control costs and accounts payable effectively to enhance business efficiency. Some key measures

are as follows:

a. Warehousing Service Business

- Develop suitable business policies, pricing policies, discounts, and flexible commission schemes to attract customers and shipping lines, particularly in a highly competitive environment. Provide excellent service to retain existing customers and attract new ones. Continue effective collaboration with Saigon Newport Corporation and its member companies to develop services through system integration; market development activities, promotion of the Company's warehousing and container services.

- The company is currently negotiating with major customers, regarding their warehousing needs for 2025. The goal is to maintain an average utilization rate of more than 88% of the built area.

- Continue to maintain and further develop the bonded warehouse services (import-export at site).

b. Port and Logistics Service Business

- Continue working with relevant authorities and the parent company to develop policies that attract shipping lines to use inland port and depot services.

- Create cost-competitive solutions and high-quality services to convince customers in industrial zones (Bien Hoa 2, Amata, Giang Dien, etc.) to use the cargo handling services at the destination port "Tan Cang Long Binh."

- Collaborate with the Cai Mep port complex (TCIT, TCTT) to develop policies on transportation, transport capacity, and handling procedures for the CM-LB route..

- Strengthen system integration efforts to provide transportation and customs clearance services for the system's customers (SNPL) in the Đồng Nai and Bình Dương areas.

- Continue customer service (CSKH) and service quality management for existing customers.

- Seek and sign contracts with competitive transportation providers in the region (Đồng Nai, Bình Dương).

c. Other assurance tasks

Along with market and business measures, ICDLB strives to successfully execute other tasks to ensure the safety and stability of the unit. These include accelerating infrastructure repairs and improvements to ensure quality;

implementing salary reform solutions, administrative reform measures; and meeting criteria to contribute to building green ports, such as using solar energy, using environmentally friendly equipment, reducing energy consumption; implementing digital signatures, electronic offices, and digitizing administrative documents. Continue expanding the application of management and warehousing software to reduce costs while ensuring service quality.

The above is the report of the activities of the BOD and the business operations report for 2024, along with the 2025 business direction.

Sincerely.../.

ON BEHALF OF THE BOARD OF DIRECTORS

PROPOSAL

Re: The selection of the Unit to review Semi-Annual Financial Statements for 2025 and audit Financial Statements for the 2025.

To: General Meeting of Shareholders of ICD Tan Cang - Long Binh JSC.

Pursuant to:

- Enterprise Law No. 59/2020/QH14 and its amendments;
- Securities Law No. 54/2019/QH14 and its amendments;
- Charter of ICD Tan Cang - Long Binh Joint Stock Company;
- List of auditing firms approved by the State Securities Commission to audit entities with public interests in the securities field for the year 2025.

Based on the proposal and recommendations from the the Board of Supervisors regarding the selection of auditing firms for the Company's financial statements for 2025, the Board of Directors submits for the General Meeting of Shareholders the following audit firms to perform the review of the separate and consolidated interim financial statements for 2025 and the audit of the separate and consolidated financial statements for 2025, specifically as follows:

- PricewaterhouseCoopers (PwC) Vietnam Co., Ltd.; Address: 29 Le Duan Street, Ben Nghe Ward, District 1, Ho Chi Minh City

ICD TAN CANG – LONG BINH JOINT STOCK COMPANY

STATEMENT OF THE BOARD OF MANAGEMENT

Statement of Responsibility of the Board of Management of the Company in respect of the Separate Financial Statements

The Board of Management of ICD Tan Cang - Long Binh Joint Stock Company ("the Company") is responsible for preparing separate financial statements which give a true and fair view of the separate financial position of the Company as at 31 December 2024, and of its separate financial performance and its separate cash flows for the year then ended. In preparing these separate financial statements, the Board of Management is required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent; and
- prepare the separate financial statements on a going-concern basis unless it is inappropriate to presume that the Company will continue in business.

The Board of Management is responsible for ensuring that proper accounting records are kept which disclose, with reasonable accuracy at any time, the separate financial position of the Company and enable separate financial statements to be prepared which comply with the basis of accounting set out in Note 2 to the separate financial statements. The Board of Management is also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud or error.

Approval of the Separate Financial Statements

We hereby, approve the accompanying separate financial statements as set out on pages 5 to 47 which give a true and fair view of the separate financial position of the Company as at 31 December 2024, and of its separate financial performance and its separate cash flows for the year then ended in accordance with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and applicable regulations on preparation and presentation of separate financial statements.

Users of these separate financial statements of the Company should read them together with the consolidated financial statements of the Company and its subsidiary ("the Group") for the year ended 31 December 2024 in order to obtain full information of the consolidated financial position and consolidated results of operations and consolidated cash flows of the Group.

On behalf of the Board of Management

**INDEPENDENT AUDITOR'S REPORT
TO THE SHAREHOLDERS OF ICD TAN CANG – LONG BINH JOINT STOCK COMPANY**

We have audited the accompanying separate financial statements of ICD Tan Cang - Long Binh Joint Stock Company ("the Company") which were prepared on 31 December 2024 and approved by the Board of Management of the Company on 5 March 2025. The separate financial statements comprise the separate balance sheet as at 31 December 2024, the separate income statement, the separate cash flow statement for the year then ended and explanatory notes to the separate financial statements including significant accounting policies, as set out on pages 5 to 47.

The Board of Management's Responsibility

The Board of Management of the Company is responsible for the preparation and the true and fair presentation of these separate financial statements of the Company in accordance with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and applicable regulations on the preparation and presentation of separate financial statements, and for such internal control which the Board of Management determines is necessary to enable the preparation and presentation of separate financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the separate financial statements based on our audit. We conducted our audit in accordance with Vietnamese Standards on Auditing. Those standards require that we comply with ethical standards and requirements and plan and perform the audit in order to obtain reasonable assurance as to whether the separate financial statements of the Company are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the separate financial statements. The procedures selected depend on the auditor's judgment, including an assessment of the risks of material misstatement of the separate financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and true and fair presentation of the separate financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Management, as well as evaluating the overall presentation of the separate financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Auditor's Opinion

In our opinion, the separate financial statements present fairly, in all material respects, the separate financial position of the Company as at 31 December 2024, its separate financial performance and its separate cash flows for the year then ended in accordance with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and applicable regulations on the preparation and presentation of separate financial statements.

Other Matter

The independent auditor's report is prepared in Vietnamese and English. Should there be any conflict between the Vietnamese and English versions, the Vietnamese version shall take precedence.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Basis of preparation of the separate financial statements

The separate financial statements have been prepared in accordance with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and applicable regulations on preparation and presentation of separate financial statements. The separate financial statements have been prepared under the historical cost convention.

The accompanying separate financial statements are not intended to present the separate financial position and separate results of operations and separate cash flows in accordance with accounting principles and practices generally accepted in countries and jurisdictions other than Vietnam. The accounting principles and practices utilised in Vietnam may differ from those generally accepted in countries and jurisdictions other than Vietnam.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**2.1 Basis of preparation of the separate financial statements (continued)**

The separate financial statements in the Vietnamese language are the official statutory separate financial statements of the Company. The separate financial statements in the English language have been translated from the Vietnamese version.

Separately, the Company has also prepared consolidated financial statements of the Company and its subsidiary (together, "the Group") in accordance with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and applicable regulations on preparation and presentation of consolidated financial statements. In the consolidated financial statements, subsidiary undertakings, which are those companies over which the Company has the power to govern the financial and operating policies, have been fully consolidated.

Users of these separate financial statements of the Company should read them together with the consolidated financial statements of the Group for the year ended 31 December 2024 in order to obtain full information of the consolidated financial position and consolidated results of operations and consolidated cash flows of the whole Group.

2.2 Fiscal year

The Company's fiscal year is from 1 January to 31 December.

2.3 Currency

The separate financial statements are measured and presented in Vietnamese Dong ("VND"), which is the Company's accounting currency.

2.4 Exchange rates

Transactions arising in foreign currencies are translated at exchange rates prevailing at the transaction dates. Foreign exchange differences arising from these transactions are recognised in the separate income statement.

Monetary assets and liabilities denominated in foreign currencies at the separate balance sheet date are respectively translated at the buying and selling exchange rates at the separate balance sheet date of the commercial bank(s) with which the Company regularly transacts. Foreign currencies deposited in bank(s) at the separate balance sheet date are translated at the buying exchange rate of the commercial bank(s) where the Company opens its foreign currency accounts. Foreign exchange differences arising from these translations are recognised in the separate income statement.

2.5 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, cash at banks, and other short-term investments with an original maturity of three months or less.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**2.6 Receivables**

Receivables represent trade receivables from customers arising from rendering of services or non-trade receivables from others and are stated at cost. Provision for doubtful debts is made for each outstanding amount based on overdue days in payment according to the initial payment commitment (exclusive of the payment rescheduling between parties) or based on the estimated loss that may arise. The difference between the provision of this year and the provision of the previous year is recognised as an increase or decrease of general and administration expenses in the year. Bad debts are written off when identified as uncollectible.

Receivables are classified into short-term and long-term receivables on the separate balance sheet based on the remaining term from the separate balance sheet date to the maturity date.

2.7 Investments**(a) Investments held to maturity**

Investments held to maturity are investments which the Company has a positive intention and ability to hold until maturity.

Investments held to maturity include bank term deposits. Those investments are initially accounted for at cost. Subsequently, the Board of Management reviews all outstanding investments to determine the amount of provision to recognise at the year end.

Provision for diminution in value of investments held to maturity is made when there is evidence that the investment is uncollectible in whole or in part. Changes in the provision balance during the fiscal year are recorded as an increase or decrease in financial expenses. A reversal, if any, is made only to the extent the investment is restored to its original cost.

Investments held to maturity are classified into short-term and long-term investments held to maturity on the separate balance sheet based on the remaining term from the separate balance sheet date to the maturity date.

(b) Investments in subsidiary

Subsidiary is an entity whose financial and operating policies the Company has the power to govern in order to gain future benefits from their activities generally accompanying a shareholding of more than one half of the voting rights.

The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Company controls another entity.

Investments in subsidiary are initially recorded at cost of acquisition plus other expenditures directly attributable to the investment. Subsequently, the Board of Management reviews all outstanding investments to determine the amount of provision to recognise at the year end.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**2.7 Financial investments (continued)****(c) Investments in other entities**

Investments in other entities are investments in equity instruments of other entities without controlling rights or co-controlling rights, or without significant influence over the investee. These investments are accounted for initially at cost. Subsequently, the Board of Management reviews all outstanding investments to determine the amount of provision to recognise at the year end.

(d) Provision for investments in subsidiaries, and other entities

Provision for investments in subsidiaries and associates is made when there is a diminution in value of the investments at the year end.

Provision for investments in subsidiaries is calculated based on the loss of investees.

Provision for investments in other entities is calculated based on market value if market value can be determined reliably. If market value cannot be determined reliably, the provision is calculated similarly to provision for investments in subsidiaries.

Changes in the provision balance during the fiscal year are recorded as an increase or decrease in financial expenses. A reversal, if any, is made only to the extent the investment is restored to its original cost.

2.8 Fixed assets*Tangible and intangible fixed assets*

Fixed assets are stated at historical cost less accumulated depreciation or amortisation. Historical cost includes any expenditure that is directly attributable to the acquisition of the fixed assets bringing them to their suitable conditions for their intended use. Expenditure which is incurred subsequently and has resulted in an increase in the future economic benefits expected to be obtained from the use of fixed assets, can be capitalised as an additional historical cost. Otherwise, such expenditure is charged to the separate income statement when incurred in the year.

Depreciation and amortisation

Fixed assets are depreciated and amortised using the straight-line basis so as to write off the depreciable amount of the fixed assets over their estimated useful lives. Depreciable amount equals to the historical cost of fixed assets recorded in the separate financial statements minus (-) the estimated disposal value of such assets. The estimated useful lives of each asset class are as follows:

Buildings and structures	5 – 25 years
Machinery and equipment	3 – 6 years
Motor vehicles	3 – 10 years
Office equipment	3 years
Software	3 years
Others	3 – 5 years

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**2.8 Fixed assets (continued)***Disposals*

Gains or losses on disposals are determined by comparing net disposal proceeds with the carrying amount of the fixed assets and are recognised as income or expense in the separate income statement.

Construction in progress

Construction in progress represents the cost of assets in the course of installation or construction for production, rental or administrative purposes, or for purposes not yet determined, which are recorded at cost and are comprised of such necessary costs to construct, repair and maintain, upgrade, renew or equip the projects with technologies as construction costs; costs of tools and equipment; project management expenditure; construction consulting expenditure; and capitalised borrowing costs for qualifying assets in accordance with the accounting policies. Depreciation of these assets, on the same basis as other fixed assets, commences when they are ready for their intended use.

2.9 Prepaid expenses

Prepaid expenses include short-term and long-term prepayments on the separate balance sheet. Short-term prepaid expenses represent prepayments for tools that do not meet the recognition criteria for fixed assets for a period not exceeding 12 months or a business cycle from the date of prepayment. Long-term prepaid expenses represent prepayments for infrastructure leasing, fixed asset repairs, and other expenses for a period exceeding 12 months or more than one business cycle from the date of prepayment. Prepaid expenses are recorded at historical cost and allocated on over their estimated useful lives.

2.10 Business cooperation contract

A business cooperation contract ("BCC") is a contract between the Company and other parties to carry out specific business activities without establishing a new legal entity. These activities are jointly controlled by the parties under the BCC or controlled by one of the parties. The BCC is based on jointly controlled assets/ jointly controlled operations/ shares of post-tax profits. The parties in a BCC may agree to share profits after tax.

A BCC in the form of shares of profits after tax is jointly controlled or controlled by one party.

If a BCC states that each party is entitled to a fixed amount of profit regardless of the performance of the BCC, it is a lease of asset in substance.

If the BCC states that each party is entitled to profits when the BCC is profitable and is required to bear losses when the BCC is loss making, in substance, the BCC parties share revenue and expenses because each party can jointly control the operation and cash flows of the BCC.

When the Company is in charge of accounting and tax finalisation, the Company is required to recognise the entire revenue and expenses arising from the BCC, and then allocate the proportionate shares of revenue and expenses to the other parties in the year.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**2.11 Operating leases**

Leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the separate income statement on a straight-line basis over the term of the lease.

2.12 Payables

Classifications of payables are based on their nature as follows:

- Trade accounts payable are trade payables arising from purchase of goods and services; and
- Other payables are non-trade payables and payables not relating to purchase of goods and services.

Payables are classified into short-term and long-term payables on the separate balance sheet based on the remaining term from the separate balance sheet date to the maturity date.

2.13 Borrowings

Borrowings include borrowings from banks.

Borrowings are classified into short-term and long-term borrowings on the separate balance sheet based on the remaining term from the separate balance sheet date to the maturity date.

Borrowing costs that are directly attributable to the construction or production of any qualifying assets are capitalised during the period of time that is required to complete and prepare the asset for its intended use. In respect of general-purpose borrowings, a portion of which is used for the purpose of construction or production of any qualifying assets, the Company determines the amount of borrowing costs eligible for capitalisation by applying a capitalisation rate to the weighted average expenditure on the assets. The capitalisation rate is the weighted average of the interest rates applicable to the Company's borrowings that are outstanding during the year, other than borrowings made specifically for the purpose of obtaining a qualifying asset. Other borrowing costs are recognised in the separate income statement when incurred.

2.14 Accrued expenses

Accrued expenses include liabilities for goods and services received in the year but not yet paid for, due to pending invoices or insufficient records and documents. Accrued expenses are recorded as expenses in the reporting year.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**2.15 Provisions**

Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated. Provision is not recognised for future operating losses.

Provisions are measured at the level of the expenditures expected to be required to settle the obligation. If the time value of money is material, provision will be measured at the present value using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as a financial expense. Changes in the provision balance during the fiscal year are recorded as an increase or decrease in operating expenses.

2.16 Provision for severance allowance

In accordance with Vietnamese labour laws, employees of the Company who have worked regularly for full 12 months or longer are entitled to a severance allowance. The working year used for the calculation of severance allowance is the year during which the employee actually works for the Company less the year during which the employee participates in the unemployment insurance scheme in accordance with the labour regulations and the working year for which the employee has received severance allowance from the Company.

The severance allowance is accrued at the end of the reporting year on the basis that each employee is entitled to half of an average monthly salary for each working year. The average monthly salary used for calculating the severance allowance is the employee contract's average salary for the six-month period prior to the separate balance sheet date.

This allowance will be paid as a lump sum when employees terminate their labour contracts in accordance with current regulations.

2.17 Unearned revenue

Unearned revenue mainly comprises the amounts that customers have paid in advance for one or many accounting periods for leasing warehouse services. The Company records unearned revenue for the future obligations that the Company has to fulfil. Unearned revenue is recognised as revenue in the separate income statement during the year to the extent that revenue recognition criteria have been met.

2.18 Capital and reserves

Owners' capital is recorded according to the actual amounts contributed at the par value of the shares.

Undistributed earnings record the Company's results profit after CIT at the reporting date.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**2.19 Appropriation of profit**

The Company's dividends are recognised as a liability in the Company's separate financial statements in the year in which the dividends are approved by the Company's General Meeting of shareholders.

Net profit after CIT could be distributed to shareholders after approval at a General Meeting of shareholders, and after appropriation to other funds in accordance with the Company's charter and Vietnamese regulations.

The Company's funds are as below:

(a) Investment and development funds

The investment and development funds is appropriated from profit after CIT of the Company and approved by shareholders at the General Meeting of shareholders. These funds are used for business expansion or other investments.

(b) Bonus and welfare funds

The bonus and welfare fund is appropriated from the Company's profit after CIT and subject to shareholders' approval at the General Meeting of shareholders. These funds are presented as liabilities on the separate balance sheet. These funds are used for the purpose of rewarding and encouragement, enhancement of the employees' benefits.

2.20 Revenue recognition**(a) Revenue from rendering of services**

Revenue from rendering of services is recognised in the separate income statement when the services are rendered, by reference to completion of the specific transaction assessed on the basis of the actual service provided as a proportion of the total services to be provided. Revenue from rendering of services is only recognised when all four (4) of the following conditions are satisfied:

- The amount of revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the Company;
- The percentage of completion of the transaction at the separate balance sheet date can be measured reliably; and
- The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

(b) Interest income

Interest income is recognised in the separate income statement on the basis of the actual time and interest rates for each year when both (2) of the following conditions are satisfied:

- It is probable that economic benefits associated with the transaction will flow to the Company; and
- Income can be measured reliably.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**(c) Dividends income**

Income from dividends is recognised in the separate income statement when both (2) of the following conditions are satisfied:

- It is probable that economic benefits associated with the transaction will flow to the Company; and
- Income can be measured reliably.

Income from dividends is recognised when the Company has established receiving rights from investees.

2.21 Cost of services rendered

Cost services rendered are cost of services rendered during the year and recorded on the basis of matching with revenue and on a prudent basis.

2.22 Financial expenses

Financial expenses are expenses incurred in the year for financial activities including expenses or losses relating to interest expense; losses from foreign exchange differences.

2.23 Selling expenses

Selling expenses represent expenses that are incurred in the process of providing services.

2.24 General and administration expenses

General and administration expenses represent expenses that are incurred for administrative purposes.

2.25 Current and deferred income tax

Income tax includes all income tax which is based on taxable profits. Income tax expense comprises current income tax expense and deferred income tax expense.

Current income tax is the amount of income tax payable or recoverable in respect of the current year taxable profits at the current year tax rates. Current and deferred income tax are recognised as an income or an expense and included in the profit or loss of the year, except to the extent that the income tax arises from a transaction or event which is recognised, in the same or a different year, directly in equity.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**2.25 Current and deferred income tax (continued)**

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the separate financial statements. Deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of occurrence affects neither the accounting nor the taxable profit or loss. Deferred income tax is determined at the tax rates that are expected to apply to the financial year when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantively enacted by the separate balance sheet date.

Deferred income tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

2.26 Related parties

Enterprises and individuals that directly, or indirectly through one or more intermediaries, control, or are controlled by, or are under common control with the Company, including parent companies, subsidiary and fellow of Saigon Newport One Member Limited Liability Corporation. Associates and individuals owning, directly or indirectly, an interest in the voting power of the Company that gives them significant influence over the Company, key management personnel, including the Chairperson and members of the Board of Directors, Board of Management, Board of Supervision and close members of the family of these individuals and companies associated with these individuals also constitute related parties.

In considering its relationships with each related party, the Company considers the substance of the relationships, not merely the legal form.

2.27 Segment reporting

A segment is a component which can be separated by the Company engaged in rendering of services ("business segment"), or rendering of services within a particular economic environment ("geographical segment"). Each segment is subject to risks and returns that are different from those of other segments. The Board of Management of the Company has determined that the business's risk and profitability are primarily influenced by differences in the types of services the Company. As a result, the primary segment reporting of the Group is presented in respect of the Company's business segments.

2.28 Critical accounting estimates

The preparation of separate financial statements in accordance with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and applicable regulations on preparation and presentation of separate financial statements requires the Board of Management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the separate financial statements and the reported amounts of revenue and expense during the year.

Such estimates and assumptions are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are assessed by the Board of Management to be reasonable under the circumstances.

ICD TAN CANG – LONG BINH JOINT STOCK COMPANY

STATEMENT OF THE BOARD OF MANAGEMENT

Statement of Responsibility of the Board of Management of the Company in respect of the Consolidated Financial Statements

The Board of Management of ICD Tan Cang – Long Binh Joint Stock Company ("the Company") is responsible for preparing consolidated financial statements of the Company and its subsidiary (together, "the Group") which give a true and fair view of the consolidated financial position of the Group as at 31 December 2024, and of its consolidated financial performance and its consolidated cash flows for the year then ended. In preparing these consolidated financial statements, the Board of Management is required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent; and
- prepare the consolidated financial statements on a going concern basis unless it is inappropriate to presume that the Group will continue in business.

The Board of Management is responsible for ensuring that proper accounting records are kept which disclose, with reasonable accuracy at any time, the consolidated financial position of the Group and enable consolidated financial statements to be prepared which comply with the basis of accounting set out in Note 2 to the consolidated financial statements. The Board of Management is also responsible for safeguarding the assets of the Group and hence for taking reasonable steps for the prevention and detection of fraud or error.

Approval of the Consolidated Financial Statements

We hereby approve the accompanying consolidated financial statements as set out on pages 5 to 51 which give a true and fair view of the consolidated financial position of the Group as at 31 December 2024 and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and applicable regulations on preparation and presentation of consolidated financial statements.

On behalf of the Board of Management

INDEPENDENT AUDITOR'S REPORT TO THE SHAREHOLDERS OF ICD TAN CANG – LONG BINH JOINT STOCK COMPANY

We have audited the accompanying consolidated financial statements of ICD Tan Cang – Long Binh Joint Stock Company ("the Company") and its subsidiary (together, "the Group") which were prepared on 31 December 2024 and approved by the Board of Management on 5 March 2025. The consolidated financial statements comprise the consolidated balance sheet as at 31 December 2024, the consolidated income statement, the consolidated cash flow statement for the year then ended, and explanatory notes to the consolidated financial statements including significant accounting policies, as set out on pages 5 to 51.

The Board of Management's Responsibility

The Board of Management of the Group is responsible for the preparation and the true and fair presentation of these consolidated financial statements of the Group in accordance with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and applicable regulations on the preparation and presentation of consolidated financial statements, and for such internal control which the Board of Management determines is necessary to enable the preparation and presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the consolidated financial statements based on our audit. We conducted our audit in accordance with Vietnamese Standards on Auditing. Those standards require that we comply with ethical standards and requirements and plan and perform the audit in order to obtain reasonable assurance as to whether the consolidated financial statements of the Group are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including an assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Group's preparation and true and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Auditor's Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at 31 December 2024, its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and applicable regulations on the preparation and presentation of consolidated financial statements.

Other Matter

The independent auditor's report is prepared in Vietnamese and English. Should there be any conflict between the Vietnamese and English versions, the Vietnamese version shall take precedence.

**NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2024**

1 GENERAL INFORMATION

ICD Tan Cang – Long Binh Joint Stock Company ("the Company") is a joint stock company established in SR Vietnam pursuant to Enterprise registration certificate No. 3601033213 which was issued by the Department of Planning and Development of Dong Nai Province dated 23 July 2008, and the latest 9th amended Enterprise registration certificate dated 28 April 2023.

The largest shareholder of the Company is Saigon Newport One Member Limited Liability Corporation. Details of the capital contribution are presented in Note 19.

The Company's shares are listed on the Ho Chi Minh City Stock Exchange with the stock trading code ILB from 15 May 2019.

The principal activities of the Group are leasing warehouse services, yard facilities, transportation vehicles, and associated services (loading, unloading, lifting, hauling, etc.).

The normal business cycle of the Group is 12 months.

As at 31 December 2024 and 31 December 2023, the Group had a subsidiary. The details are as follows:

Name	Principle activities	Place of incorporation and operation	As at 31 December 2024 and 31 December 2023	
			Ownership ratio	Voting rights ratio
Thanh Long Logistics Joint Stock Company	Warehouse leasing, cargo storage; transportation, loading, unloading, and packaging services	Dong Nai Province	51%	51%

As at 31 December 2024, the Group had 346 employees (as at 31 December 2023: 344 employees).

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**2.1 Basis of preparation of consolidated financial statements**

The consolidated financial statements have been prepared in accordance with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and applicable regulations on preparation and presentation of consolidated financial statements. The consolidated financial statements have been prepared under the historical cost convention.

The accompanying consolidated financial statements are not intended to present the consolidated financial position and consolidated results of operations and consolidated cash flows in accordance with accounting principles and practices generally accepted in countries and jurisdictions other than Vietnam. The accounting principles and practices utilised in Vietnam may differ from those generally accepted in countries and jurisdictions other than Vietnam.

The consolidated financial statements in the Vietnamese language are the official statutory consolidated financial statements of the Group. The consolidated financial statements in the English language have been translated from the Vietnamese version.

2.2 Fiscal year

The Group's fiscal year is from 1 January to 31 December.

2.3 Currency

The consolidated financial statements are measured and presented in Vietnamese Dong ("VND"), which is the Group's accounting currency.

2.4 Exchange rates

Transactions arising in foreign currencies are translated at exchange rates prevailing at the transaction dates. Foreign exchange differences arising from these transactions are recognised in the consolidated income statement.

Monetary assets and liabilities denominated in foreign currencies at the consolidated balance sheet date are respectively translated at the buying and selling exchange rates at the consolidated balance sheet date of the commercial banks with which the Group regularly transacts. Foreign currencies deposited in bank(s) at the consolidated balance sheet date are translated at the buying exchange rate of the commercial bank(s) where the Group opens its foreign currency accounts. Foreign exchange differences arising from these translations are recognised in the consolidated income statement.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**2.5 Basis of consolidation*****Subsidiary***

Subsidiary is an entity over which the Group has the power to govern the financial and operating policies in order to gain future benefits from their activities generally accompanying a shareholding of more than one half of the voting rights. The existence and effect of potential voting rights that are currently exercisable or convertible are considered when assessing whether the Group controls another entity. Subsidiary is fully consolidated from the date on which control is transferred to the Group. It is de-consolidated from the date that control ceases.

The purchase method of accounting is used to account for the acquisition of subsidiary by the Group. The cost of an acquisition is measured as the fair value of the assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the acquisition. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date, irrespective of the extent of any non-controlling interest. The excess of the cost of acquisition over the fair value of the Group's share of the identifiable net assets acquired is recorded as goodwill. If the cost of acquisition is less than the fair value of the net assets of the subsidiary acquired, the difference is recognised directly in the consolidated income statement.

In a multi-phase acquisition, when determining goodwill or bargain purchase, the consideration is the sum of the total consideration on the date of acquiring control and previous considerations remeasured to fair value on the date of control acquisition.

Inter-company transactions, balances and unrealised gains and losses on transactions between group companies are eliminated.

Accounting policies of subsidiary has been changed where necessary to ensure consistency with the policies adopted by the Group.

The financial statements of the Group's subsidiary are prepared for the same accounting period of the Group for the consolidation purpose. If there are differences in end dates, the gap must not exceed 3 months. Adjustments are made to reflect impacts of significant transactions and events occurring between the end dates of the subsidiaries' accounting period and that of the Group's. The length of the reporting period and differences in reporting date must be consistent between years.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**2.5 Basis of consolidation (continued)*****Non-controlling transactions and interests***

The Group applies a policy for transactions with non-controlling interests as transactions with external parties to the Group.

Non-controlling interests ("NCI") are measured at their proportionate share of the acquiree's identifiable net assets at date of acquisition.

A divestment of the Group's interest in a subsidiary that does not result in loss of control is accounted for as a transaction with owners. The difference between the change in the Group's share of net assets of the subsidiary and any consideration paid or received from divestment of the Group's interest in subsidiaries is recorded directly in the undistributed earnings under equity.

In a divestment of the Group's interest in a subsidiary that results in a loss of control, the difference between the Group's share in the net assets of the subsidiary and the net proceeds from divestment is recognised in the consolidated income statement. The retained interest in the entity will be accounted for as either an investment in other entity or an investment to be accounted for as equity since the divestment date.

2.6 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, cash at banks and other short-term investments with an original maturity of three months or less.

2.7 Receivables

Receivables represent trade receivables from customers arising from rendering of services or non-trade receivables from others and are stated at cost. Provision for doubtful debts is made for each outstanding amount based on overdue days in payment according to the initial payment commitment (exclusive of the payment rescheduling between parties) or based on the estimated loss that may arise. The difference between the provision of this year and the provision of the previous year is recognised as an increase or decrease of general and administration expenses in the year. Bad debts are written off when identified as uncollectible.

Receivables are classified into short-term and long-term receivables on the consolidated balance sheet based on the remaining term from the consolidated balance sheet date to the maturity date.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**2.8 Investments****(a) Investments held to maturity**

Investments held to maturity are investments which the Group has a positive intention and ability to hold until maturity.

Investments held to maturity include bank term deposits. Those investments are initially accounted for at cost. Subsequently, the Board of Management reviews all outstanding investments to determine the amount of provision to recognise at the year end.

Provision for diminution in value of investments held to maturity is made when there is evidence that the investment is uncollectible in whole or in part. Changes in the provision balance during the fiscal year are recorded as an increase or decrease in financial expenses. A reversal, if any, is made only to the extent the investment is restored to its original cost.

Investments held to maturity are classified into short-term and long-term investments held to maturity on the consolidated balance sheet based on the remaining term from the consolidated balance sheet date to the maturity date.

(b) Investments in other entities

Investments in other entities are investments in equity instruments of other entities without controlling rights or co-controlling rights, or without significant influence over the investee. These investments are accounted for initially at cost. Subsequently, the Board of Management reviews all outstanding investments to determine the amount of provision to recognise at the year end.

(c) Provision for investments in other entities

Provision for investments in other entities is made when there is a diminution in value of the investments at the year end.

It is calculated based on market value if market value can be determined reliably. If market value cannot be determined reliably, the provision for investments in other entities is calculated based on the loss of investees.

Changes in the provision balance during the fiscal year are recorded as an increase or decrease in financial expenses. A reversal, if any, is made only to the extent the investment is restored to its original cost.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**2.9 Business cooperation contract**

A business cooperation contract ("BCC") is a contract between the Group and other parties to carry out specific business activities without establishing a new legal entity. These activities are jointly controlled by the parties under the BCC or controlled by one of the parties. The BCC is based on jointly controlled assets/jointly controlled operations/shares of post-tax profits. The parties in a BCC may agree to share profits after tax.

A BCC in the form of shares of profits after tax is jointly controlled or controlled by one party.

If a BCC states that each party is entitled to a fixed amount of profit regardless of the performance of the BCC, it is a lease of asset in substance.

If the BCC states that each party is entitled to profits when the BCC is profitable and is required to bear losses when the BCC is loss making, in substance, the BCC parties share revenue and expenses because each party can jointly control the operation and cash flows of the BCC.

When the Group is in charge of accounting and tax finalisation, the Group is required to recognise the entire revenue and expenses arising from the BCC, and then allocate the proportionate shares of revenue and expenses to the other parties in the year.

2.10 Fixed assets*Tangible and intangible fixed assets*

Fixed assets are stated at historical cost less accumulated depreciation or amortisation. Historical cost includes any expenditure that is directly attributable to the acquisition of the fixed assets bringing them to suitable conditions for their intended use. Expenditure which is incurred subsequently and has resulted in an increase in the future economic benefits expected to be obtained from the use of fixed assets, can be capitalised as an additional historical cost. Otherwise, such expenditure is charged to the consolidated income statement when incurred in the year.

Depreciation and amortisation

Fixed assets are depreciated and amortised using the straight-line method so as to write off the depreciable amount of the fixed assets over their estimated useful lives. Depreciable amount equals to the historical cost of fixed assets recorded in the consolidated financial statements minus (-) the estimated disposal value of such assets. The estimated useful lives of each asset class are as follows:

Buildings and structures	5 - 25 years
Machinery and equipment	3 - 6 years
Motor vehicles	3 - 10 years
Office equipment	3 years
Software	3 years
Others	3 - 5 years

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**2.10 Fixed assets (continued)***Disposals*

Gains or losses on disposals are determined by comparing net disposal proceeds with the carrying amount of the fixed assets and are recognised as income or expense in the consolidated income statement.

Construction in progress

Construction in progress represents the cost of assets in the course of installation or construction for production, rental or administrative purposes, or for purposes not yet determined, which are recorded at cost and are comprised of such necessary costs to construct, repair and maintain, upgrade, renew or equip the projects with technologies as construction costs; costs of tools and equipment; project management expenditure; construction consulting expenditure; and capitalised borrowing costs for qualifying assets in accordance with the Group's accounting policies. Depreciation of these assets, on the same basis as other fixed assets, commences when they are ready for their intended use.

2.11 Operating leases

Leases where a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the consolidated income statement on a straight-line basis over the term of the lease.

2.12 Prepaid expenses

Prepaid expenses include short-term and long-term prepayments on the consolidated balance sheet. Short-term prepaid expenses reflect prepayments for services for a period not exceeding 12 months or a business cycle from the date of prepayments. Long-term prepaid expenses reflect prepayments for services for a period exceeding 12 months or more than one business cycle from the date of prepayments. Prepaid expenses are recorded at historical cost and allocated on the straight-line basis over estimated useful lives.

2.13 Payables

Classifications of payables are based on their nature as follows:

- Trade accounts payable are trade payables arising from purchase of goods and services; and
- Other payables are non-trade payables and payables not relating to purchase of goods and services.

Payables are classified into short-term and long-term payables on the consolidated balance sheet based on the remaining term from the consolidated balance sheet date to the maturity date.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**2.14 Borrowings**

Borrowings include borrowings from banks.

Borrowings are classified into short-term and long-term borrowings on the consolidated balance sheet based on the remaining term from the consolidated balance sheet date to the maturity date.

Borrowing costs that are directly attributable to the construction or production of any qualifying assets are capitalised during the period of time that is required to complete and prepare the asset for its intended use. In respect of general-purpose borrowings, a portion of which is used for the purpose of construction or production of any qualifying assets, the Group determines the amount of borrowing costs eligible for capitalisation by applying a capitalisation rate to the weighted average expenditure on the assets. The capitalisation rate is the weighted average of the interest rates applicable to the Group's borrowings that are outstanding during the year, other than borrowings made specifically for the purpose of obtaining a qualifying asset. Other borrowing costs are recognised in the consolidated income statement when incurred.

2.15 Accrued expenses

Accrued expenses include liabilities for goods and services received in the year but not yet paid for, due to pending invoices or insufficient records and documents. Accrued expenses are recorded as expenses in the reporting year.

2.16 Provisions

Provisions are recognised when the Group has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation, and the amount has been reliably estimated. Provision is not recognised for future operating losses.

Provisions are measured at the level of the expenditures expected to be required to settle the obligation. If the time value of money is material, provision will be measured at the present value using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognised as a financial expense. Changes in the provision balance during the fiscal year are recorded as an increase or decrease in operating expenses.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**2.17 Provision for severance allowance**

In accordance with Vietnamese labour laws, employees of the Group who have worked regularly for full 12 months or longer are entitled to a severance allowance. The working year used for the calculation of severance allowance is the year during which the employee actually works for the Group less the year during which the employee participates in the unemployment insurance scheme in accordance with the labour regulations and the working year for which the employee has received severance allowance from the Group.

The severance allowance is accrued at the end of the reporting year on the basis that each employee is entitled to half of an average monthly salary for each working year. The average monthly salary used for calculating the severance allowance is the employee contract's average salary for the six-month period prior to the consolidated balance sheet date.

This allowance will be paid as a lump sum when employees terminate their labour contracts in accordance with current regulations.

2.18 Unearned revenue

Unearned revenue mainly comprises the amounts that customers have paid in advance for one or many accounting periods for leasing warehouse services. The Group records unearned revenue for the future obligations that the Group has to fulfil. Unearned revenue is recognised as revenue in the consolidated income statement during the year to the extent that revenue recognition criteria have been met.

2.19 Capital and reserves

Owners' capital is recorded according to the actual amounts contributed at the par value of the shares.

Undistributed earnings record the Group's results profit after CIT at the reporting date.

2.20 Appropriation of profit

The Group's dividends are recognised as a liability in the consolidated financial statements in the year in which the dividends are approved by the General Meeting of shareholders.

Net profit after CIT could be distributed to shareholders after approval at a General Meeting of shareholders, and after appropriation to other funds in accordance with the Group's charter and Vietnamese regulations.

The Group's funds are as below:

(a) Investment and development funds

The investment and development funds is appropriated from profit after CIT of the Group and approved by shareholders at the General Meeting of shareholders. These funds are used for business expansion or other investments.

2.20 Appropriation of profit (continued)**(b) Bonus and welfare funds**

The bonus and welfare funds are appropriated from the Group's profit after CIT and subject to shareholders' approval at the General Meeting of shareholders. These funds are presented as liabilities on the consolidated balance sheet. These funds are used for the purpose of rewarding and encouragement, enhancement of the employees' benefits.

2.21 Revenue recognition**(a) Revenue from rendering of services**

Revenue from rendering of services is recognised in the consolidated income statement when the services are rendered, by reference to completion of the specific transaction assessed on the basis of the actual service provided as a proportion of the total services to be provided. Revenue from rendering of services is only recognised when all four (4) of the following conditions are satisfied:

- The amount of revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the Group;
- The percentage of completion of the transaction at the consolidated balance sheet date can be measured reliably; and
- The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

(b) Interest income

Interest income is recognised in the consolidated income statement on the basis of the actual time and interest rates for each year when both (2) of the following conditions are satisfied:

- It is probable that economic benefits associated with the transaction will flow to the Group; and
- Income can be measured reliably.

(c) Dividends income

Income from dividends is recognised in the consolidated income statement when both (2) conditions of the following conditions are satisfied:

- It is probable that economic benefits associated with the transaction will flow to the Group; and
- Income can be measured reliably.

Income from dividends is recognised when the Group has established receiving rights from investees.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**2.22 Cost of services rendered**

Cost of services rendered are cost of services rendered during the year and recorded on the basis of matching with revenue and on a prudent basis.

2.23 Financial expenses

Financial expenses are expenses incurred in the year for consolidated financial activities including expenses or losses relating to interest expense and losses from foreign exchange differences.

2.24 Selling expenses

Selling expenses represent expenses that are incurred in the process of providing services.

2.25 General and administration expenses

General and administration expenses represent expenses that are incurred for administrative purposes.

2.26 Current and deferred income tax

Income tax includes all income tax which is based on taxable profits. Income tax expense comprises current income tax expense and deferred income tax expense.

Current income tax is the amount of income tax payable or recoverable in respect of the current year taxable profits at the current year tax rates. Current and deferred income tax are recognised as an income or an expense and included in the profit or loss of the year, except to the extent that the income tax arises from a transaction or event which is recognised, in the same or a different year, directly in equity.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. Deferred income tax is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of occurrence affects neither the accounting nor the taxable profit or loss. Deferred income tax is determined at the tax rates that are expected to apply to the financial year when the asset is realised or the liability is settled, based on tax rates that have been enacted or substantively enacted by the consolidated balance sheet date.

Deferred income tax assets are recognised to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilised.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)**2.27 Related parties**

Enterprises and individuals that directly, or indirectly through one or more intermediaries, control, or are controlled by, or are under common control with, the Group, including parent companies, subsidiary and fellow of Saigon Newport One Member Limited Liability Corporation. Associates and individuals owning, directly or indirectly, an interest in the voting power of the Group that gives them significant influence over the Group, key management personnel, including the Chairperson and members of the Board of Directors, Board of Management, Board of Supervision and close members of the family of these individuals and companies associated with these individuals also constitute related parties.

In considering its relationships with each related party, the Group considers the substance of the relationships, not merely the legal form.

2.28 Segment reporting

A segment is a component which can be separated by the Group engaged in rendering of services ("business segment"), or rendering of services within a particular economic environment ("geographical segment"). Each segment is subject to risks and returns that are different from those of other segments. The Board of Management of the Group has determined that the business's risk and profitability are primarily influenced by differences in the types of services the Group. As a result, the primary segment reporting of the Group is presented in respect of the Group's business segments.

2.29 Critical accounting estimates

The preparation of consolidated financial statements in accordance with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System and applicable regulations on preparation and presentation of consolidated financial statements requires the Board of Management to make estimates and assumptions that affect the reported amounts of assets, liabilities and disclosures of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the financial year.

Such estimates and assumptions are continually evaluated. They are based on historical experiences and other factors, including expectations of future events that may have a financial impact on the Group and that are assessed by the Board of Management to be reasonable under the circumstances.
