## VISION

YeaH1 aims to become the leading media group in Vietnam and reach the global stage with a multimedia communication ecosystem empowered by technological advancements. The group strives to expand its boundaries and embrace diversity to conquer new heights together.

## MISSION

YeaH1 is committed to fostering a creative environment — where every individual is given the opportunity to grow, where breakthrough ideas are nurtured, and where positive values are spread to the community. Through innovative content, exceptional services, and pioneering media platforms, we aim not only to inspire but also to shape future trends.

## PHILOSOPHY OF OPERATION

YeaH1 believes that diversity is the core source of strength. When creativity is paired with logical thinking, and when individuals with differences support one another, countless opportunities emerge. This is how YeaH1 creates distinct value, leads the digital media era, and shapes a pioneering media-technology ecosystem.

## ACTION

Stay ahead of trends, remain adaptable, be passionate about the work, and embrace challenges to go further.

## PROACTIVENESS

Always maintain a progressive mindset, a positive attitude, continuous learning, and take bold actions to create value.

## PROFESSIONALISM

Work with planning, uphold responsibility, and adhere to the highest ethical standards.

## CREATIVITY

Embrace uniqueness and encourage breakthrough thinking to deliver creative and effective solutions.

## COLLABORATION

Foster strong relationships with employees, partners, and customers — for shared growth.

# CORE VALUES

# MESSAGE FROM THE CHAIRWOMAN

**Dear Shareholders, Partners, Clients, and Valued Audiences at home and abroad,**

As 2024 comes to a close, we at YeaH1 Group proudly reflect on a year that marks a new and remarkable chapter in our history. Amid global economic turbulence and challenges, YeaH1 has not only weathered the storm but surged forward, reaffirming our pioneering position in Vietnam's media and cultural creative industry.

The Group has expanded its investments and diversified its business lines to establish a comprehensive media and entertainment ecosystem — from producing top-tier television programs and large-scale music events, to training and managing professional artists, creating and distributing short-form content across social platforms, and delivering outstanding marketing communication solutions to brands. Strategic changes in governance and operations have streamlined our systems and established standards that enhance both workforce productivity and business performance.

**As a result, YeaH1 recorded a consolidated net revenue of VND 1,026 billion in 2024, a 149% increase compared to 2023 and 28% above the annual target. Net profit after tax reached approximately VND 127 billion — a nearly 380% surge, marking our highest profitability in the past six years.**

Beyond measurable growth, **YeaH1 has also sparked a wave of brand affection perhaps unprecedented in Vietnam's entertainment industry.** Our flagship program, "Anh Trai Vuot Ngan Chong Gai", received numerous prestigious national awards. Tens of thousands of viewers, both domestically and internationally, have formed communities to express their admiration and vote for YeaH1, pushing our brand presence across over 500 global media channels. The program also generated a profound ripple effect: through CSR initiatives led by artists and fans, hundreds of children received life-saving heart surgeries and long-term educational sponsorships. Even the Prime Minister recognized the program's social impact and called for its expansion.

Such immeasurable strength stems from the human values embedded in our products and collective efforts. YeaH1's shows like "Anh Trai Vuot Ngan Chong Gai" and "Chi Dep Dap Gio" were recognized as standout phenomena of the year, setting new standards in Vietnam's cultural and creative industry.

The dual achievements of business success and public trust affirm the long-term strategic vision of YeaH1 Group — a vision not only measured in financial gains, but also in shaping positive societal and national values.

2025 marks another pivotal milestone as YeaH1 embarks on a bold transformation toward becoming Vietnam's No.1 media corporation — expanding regionally and globally. We are committed to constant innovation, responsibility, and determination to realize this vision. Our key strategic focuses include:

### **First, Premium Content Strategy:**

Building on the outstanding success of "Anh Trai Vuot Ngan Chong Gai" and "Chi Dep Dap Gio", YeaH1 continues to assert its leadership in producing high-quality entertainment, hosting large-scale music events, and venturing into film and television production. Our premium content delivers not only emotional artistic experiences but also deeply human values, enriching audiences and positively impacting communities. In 2025, we will launch two major premium shows: "Tan Binh Toan Nang" and "Gia Dinh Ha Ha", both receiving significant investment and expected to garner wide viewership while elevating Vietnam's entertainment industry.

### **Second, Digital Content Strategy**

In the digital age, YeaH1 remains ahead of the curve by embracing the latest trends and technologies. We continue to grow our footprint in ultra-short films, sitcoms, news, and vlogs — catering to diverse entertainment needs across all digital platforms and connecting with audiences anytime, anywhere.

### **Third, Academy & Talent Management Strategy:**

Leveraging our leadership in premium content, YeaH1 will develop a professional talent ecosystem with internationally aligned training programs. Our mission goes beyond discovering and nurturing talents — we aim to launch artists into sustainable careers, fostering a new generation of bold, capable Vietnamese creatives ready to conquer global stages and bring cultural and economic value back to Vietnam.

### **Fouth, Content Distribution Network Strategy:**

Recognizing that quality content must reach wide audiences, YeaH1 maximizes distribution efficiency across top platforms like Meta, YouTube, TikTok, DailyMotion, and our own media channels — amplifying our influence and community engagement.

### **Fifth, Brand Sales & Media Agency Strategy:**

Through creative communication and marketing solutions, YeaH1 helps brands strengthen their presence and public favor, converting potential customers into active users. We build strong, lasting connections between brands and consumers, supported by our pioneering content platforms.

### **Sixth, End-User Platforms Strategy:**

YeaH1 creates interactive platforms where users can connect, share, and foster loyal communities — always placing the user at the center to deliver personalized and memorable experiences.

### **Seventh, Added Value Content Strategy:**

As our entertainment ecosystem expands, YeaH1 continues to develop value-added content across music, gaming, and storytelling — offering diverse experiences to meet all tastes and passions.

### **To realize these goals, YeaH1 commits to investing heavily in four key pillars:**

First is *High-Quality Human Resources*: Building a talented, professional, and responsible workforce — the foundation of all organizational success.

Second is *Modern Production Infrastructure and Technology*: Staying ahead of trends and gaining competitive advantages.

third is *Strong Financial Capacity*: Ensuring resources for sustainable growth.

Fourth is *Strategic Partnerships*: In a volatile global economy, collaboration is our guiding compass toward breakthrough success and lasting connection.

On behalf of the Board of Directors and Executive Team, I extend my deepest gratitude to our shareholders for your continued trust and support. We hope to receive your ongoing companionship as we navigate the promising yet challenging journey ahead.

I also sincerely thank our partners, clients, employees, and audiences — both domestic and international — for standing with YeaH1 throughout this transformative year.

We look forward to continuing our cooperation to achieve new milestones, elevating YeaH1 to become Vietnam's leading media group and a regional powerhouse, generating added value for all of you across many dimensions.

Wishing you all good health, success, and happiness!

Sincerely,

**CHAIRWOMAN OF THE BOARD OF DIRECTORS  
YEAH1 GROUP CORPORATION**

# KEY MILESTONES IN THE COMPANY'S DEVELOPMENT

**2006**

## THE BEGINNING

Launched the news website yeah1.com, attracting nearly 40,000 users.

**2008**

## VIETNAM'S LARGEST USER COMMUNITY

Yeah1 built the largest online community in Vietnam with 400,000 users and launched YeaH1 TV – Vietnam's first television channel dedicated to young audiences.

**2010**

## YOUTH-CENTRIC TV CHANNEL SYSTEM

Yeah1 expanded its television network for young audiences, introducing YeaH1 Family for families and Imovie for movies, reaching 2,000,000 users.

**2018**

## PUBLIC LISTING AND EXPANSION

On June 26, 2018, Yeah1 became the first media company in Vietnam to be listed on the HoChiMinh Stock Exchange (HOSE).

In the same year, Yeah1 won the Apex 2018 award for Best Media Enterprise and expanded investments into Thailand, the Philippines, and Indonesia. The company also secured exclusive partnerships with global music giant Universal Music Group and Japan's AKS.

**2017**

## LEADING DIGITAL MEDIA PLATFORM

Yeah1 solidified its position as Vietnam's top YouTube MCN in terms of views. The company acquired Netlink, a Google Certified Publishing Partner (GCPP) in Southeast Asia, and TNT, a leading advertising sales agency.

**2015**

## YOUTUBE MCN CERTIFICATION

Yeah1 received YouTube MCN (Multi-Channel Network) certification, accumulating 2.4 billion views and earning two Gold Play Buttons. The company also launched YeaH1CMG – a film production division.

**2021**

## YEAH1 HAS CONSISTENTLY ACHIEVED SIGNIFICANT ACCOMPLISHMENTS

The company earned recognition from prestigious organizations, including the HR Asia Award 2021 and Vietnam Excellence 2021 by Anphabe.

**2020**

## LEADING CREATIVE MEDIA SOLUTIONS

YeaH1 makes a comeback as a leading provider of innovative media solutions. It focuses on developing the Mega1 technology segment. The 'Red Shirt Battalion' marks YeaH1's entry into the consumer sector. YeaH1 continuously achieves major milestones such as being ranked in the Top 10 IT service and solution enterprises, Top 7 in APAC for video viewership, and Top 50 most attractive employer brands in Vietnam.

## 2021

YeaH1 continues to be recognized by prestigious organizations through awards such as the HR Asia Award 2021 and the Vietnam Excellence 2021 organized by Anphabe.

YeaH1 collaborated with the Ho Chi Minh City Department of Information and Communications and the Ministry of Information and Communications to organize and livestream the program “Dan hoi - Thanh pho tra loi”, which helped tens of millions of people in Ho Chi Minh City and across the country cope with the Covid-19 pandemic.

## 2022

### BREAKTHROUGH YEAR

Yeah1 rebounded strongly by restructuring its corporate governance and expanding core business activities. The company rebranded after 16 years, updating its identity.

By mid-2022, Yeah1 secured a Diamond Play Button and welcomed high-performing YouTube entertainment channels like T-Studio and BigCat.

Yeah1 continued its success, earning awards such as “Top Video Publisher with Highest Views and Engagement on Facebook Watch in Vietnam” by Meta, “Top 10 Most Outstanding Videos on YouTube Vietnam”, and “Top 50 Most Attractive Employer Brands in Vietnam” by Anphabe and VCCI.

## 2023

### INNOVATION

YeaH1 focuses its efforts on core business sectors such as: television and premium content business; content production and publishing on social media platforms; advertising management for Google; online entertainment shopping; advertising consulting and event organization services; and investment in production equipment and infrastructure.

YeaH1 invested in producing and broadcasting the high-end entertainment program “Chị Đẹp Đạp Gió Rẽ Sóng” 2023 on VTV3, paving the way for shows like Super Mom and “Anh Trai Vượt Ngàn Chông Gai” to enter Vietnam in 2024. These programs are licensed from the original versions by Mango TV and exclusively produced in Vietnam.

“Chị Đẹp Đạp Gió Rẽ Sóng” 2023 attracted nearly 700 million video views across multiple platforms, over 6 billion views measured from hashtags related to the show, reached #1 in ratings on VTV3, #1 most discussed topic on social media, ranked Top #3 in the WeChoice Awards for “TV Show of the Year,” and won the “Most Impressive Entertainment Program” at the 2023 VTV Awards.

2024

## NEXT LEVEL

Yeah1 marked a strategic collaboration with Mango TV for high-quality entertainment content production and distribution.

**LUNAS**, a girl group formed from “Chị Đẹp Đạp Gió Rẽ Sóng” 2023, made a significant impact on the Vietnamese music market and was invited as a special guest to perform at Sisters Who Make Waves 2024 in China. Their debut MV “Moonlight” topped charts on YouTube Music, iTunes, and Spotify.

**B.O.F**, a boy group managed by Yeah1 and formed from “Anh Trai Vượt Ngàn Chông Gai”, is expected to bring fresh energy to Vietnam’s music industry.

Yeah1’s short series attracted hundreds of millions of views on social media.

Triệu Khoảnh Khắc Gà Giòn Vui Vẻ (A Million Moments of Crispy Joy) won the Silver BSI Award 2024 for “Best CSR Campaign”.

The “Anh Trai Vượt Ngàn Chông Gai” TV show received enthusiastic responses upon airing.

Following the TV show, “Anh Trai Vượt Ngàn Chông Gai” Concert in Ho Chi Minh City and Hung Yen became an unprecedented entertainment phenomenon. It was recognized as a significant cultural and entertainment industry milestone, with Prime Minister calling for its expansion.

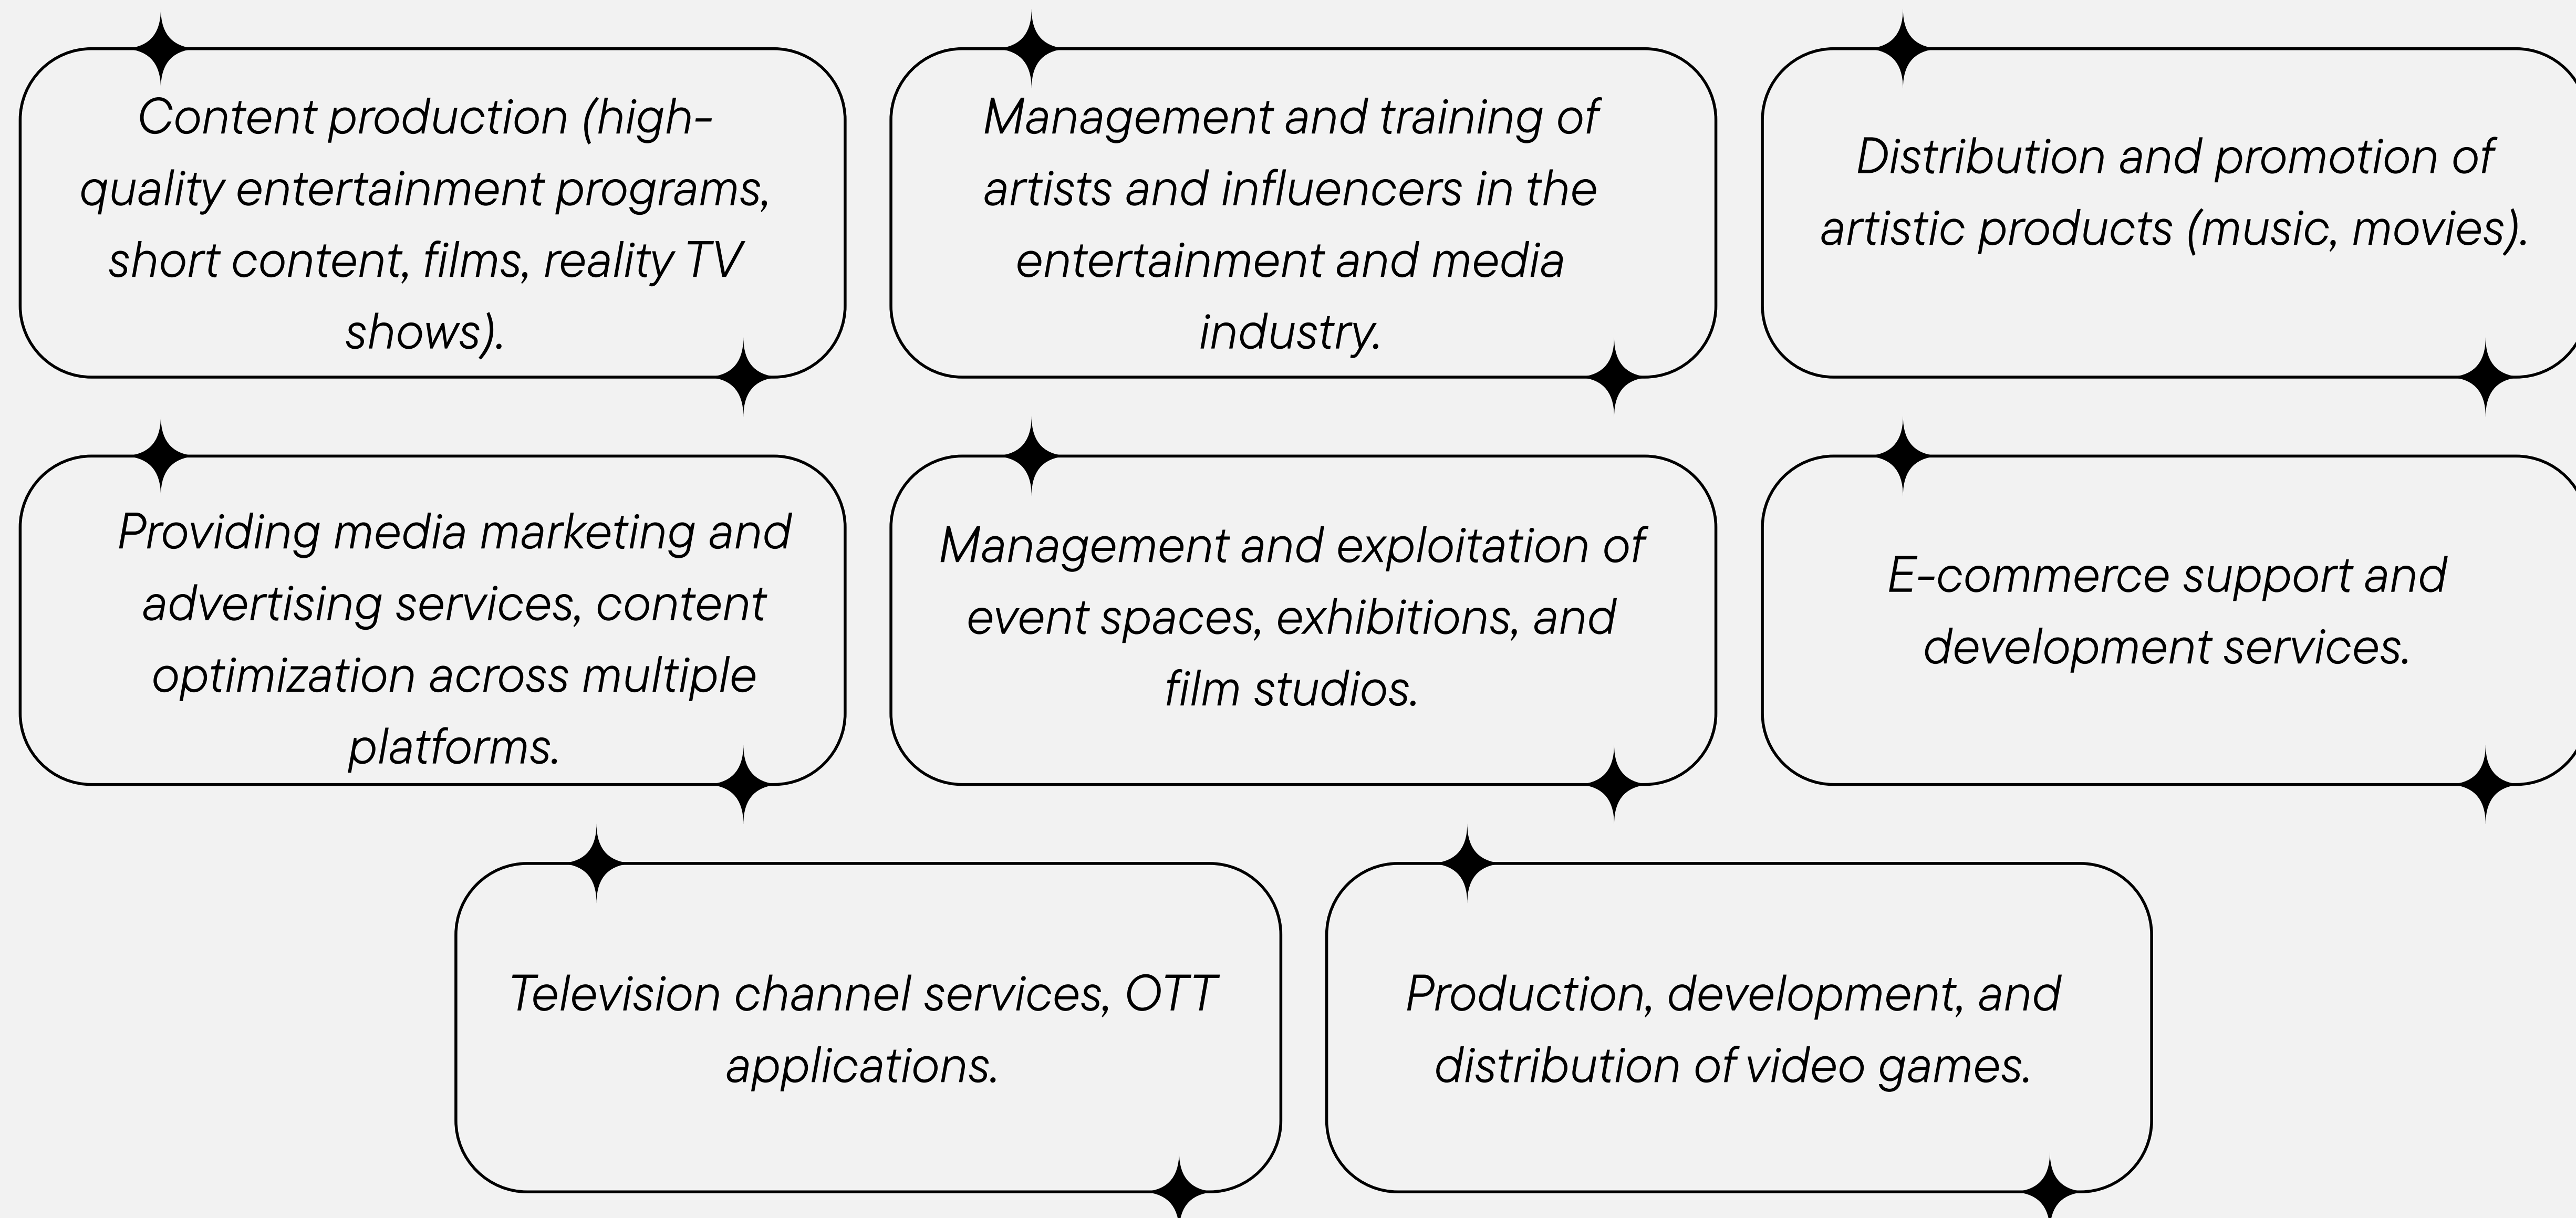

“Chị Đẹp Đạp Gió” 2024 achieved remarkable success, making a profound impact on audiences not only through music but also by conveying meaningful social values.

# BUSINESS PERFORMANCE REPORT

## Financial Analysis

The year 2024 is still considered a challenging period for the Vietnamese economy in general and for businesses in particular. Many companies have proactively reduced their budgets for media and marketing for their brands, which has significantly impacted the Group's business performance.

However, in the midst of these challenging circumstances, under the clear guidance and close direction of the Board of Directors, the Executive Board has carried out effective management tasks with the highest level of effort, resulting in highly favorable business outcomes. Specifically:

In 2024, consolidated net revenue reached VND 1,026 billion, an increase of 149% compared to the same period in 2023, exceeding the committed target of VND 800 billion set at the Annual General Meeting of Shareholders by 28%. This remarkable achievement was driven by the successful television shows, which significantly boosted advertising revenue, contributing VND 845 billion, accounting for 82% of the total net revenue, and increasing more than 4 times compared to 2023. Additionally, the Group intensified its production and exploitation of high-quality content copyrights, leading to revenue from digital content rights exploitation reaching VND 138,9 billion. Revenue from media services and communications trading also increased slightly by 5% compared to the same period, reaching VND 41.2 billion. In conclusion, by the end of 2024, Yeah1 Group recorded a net profit of VND 122.6 billion, more than 4.6 times the amount in 2023, according to the audited consolidated financial statements by Ernst & Young Vietnam.

## Business Operations

### a. Focus all efforts on producing high-quality television programs

According to the plan for 2024, the Group produced 03 TV shows: "Super Mom," "Anh Trai Vượt Ngàn Chông Gai Season 1", and "Chị Đẹp Đạp Gió Rẽ Sóng Season 2". Among them, the most successful was the program "Anh Trai Vượt Ngàn Chông Gai". The show made a significant impact with its humanitarian message, music that combined traditional songs with modern arrangements, and content that connected three generations of a family sitting together in front of the TV to enjoy traditional beauty presented through modern performance technologies. Above all, the program celebrated patriotism and the pride of the Vietnamese people.

The success of the television show led to the opportunity to organize the first-ever "Anh Trai Vượt Ngàn Chông Gai" concert in October 2024 in Ho Chi Minh City. The success of "Concert Day 1" was beyond expectations, with tens of thousands of tickets sold out within minutes. The well-invested and meticulously staged performances, with a world-class setup, once again confirmed the strategic "all-in" direction for the Group's shows in 2024. This has opened a new chapter for the entertainment and performance industry in Vietnam and contributed a significant revenue stream for the Group.

Up until now, the Group has successfully organized "Concert Day 3 - Day 4" and is in the process of preparing "Concert Day 5" in the northern region for June 2025.

The Group has also made substantial investments in the foundations of high-quality content production, such as R&D, human resources, infrastructure, and technology, to continue building momentum for the years to come.

### b. Producing a diverse range of modern "short" content distributed across multiple platforms

The short content segment, optimized for monetization on social media platforms, remains one of the Group's core business strengths. In 2024, the Executive Board proactively invested in research and production of ultra-short film formats with vertical screens, featuring compelling content for distribution on social media platforms and both domestic and international VOD platforms. These entertainment films have attracted billions of views from young audiences and have contributed significantly to the Group's revenue.

It must be emphasized that the production of "ultra-short, vertical screen" content is a rising trend originating from Asian countries and rapidly expanding to Europe and the Americas, aimed at meeting the fast-paced entertainment needs of the modern youth in today's busy lifestyle. By proactively tapping into this new trend, diversifying digital content, and monetizing it on social media platforms, YeaH1 continues to lead the entertainment market

While constantly refining formats and scripts to ensure engagement, the Executive Board remains steadfast in upholding the quality of content to comply with ethical standards and Vietnam's traditional cultural values.

### c. Diversifying content distribution channels to optimize revenue streams for each produced content

Multi-channel content distribution to optimize production costs and increase revenue streams is the strategic direction for all types of content produced by the Group.

High-quality content is distributed from television channels (VTV3) to social media platforms (YouTube, Facebook, TikTok) and affiliated VOD platforms. Digital content is also optimized for monetization on social media and short-form VOD platforms both domestically and internationally.

### d. Developing a diverse range of display advertising segments on Google (Google Certified Publishing Partner - GCCP)

The revenue from Google Certified Publishing Partner (GCCP) advertising made a significant contribution to the Group's total revenue in 2024. With training and guidance from Google, the Executive Board has developed appropriate service development strategies and provided consultation to content producers and distributors (Publishers) to optimize advertising revenue from Google on platforms such as Apps, Websites, and VOD.

## Business Operations:

### e. Proactively researching and developing superior advertising media service packages for brands

Brands always need high-quality content with a humanitarian message to connect with their brand and product messages, and to widely deliver these messages to customers. In addition, brands today not only aim to promote their image but also need to convert potential customers into loyal ones through content, entertainment programs, or what is known as the Shoppertainment trend.

By grasping this trend, based on high-quality TV show content, the Group has proactively packaged advertising content services for brands according to their specific needs, focusing on achieving revenue growth rather than just increasing brand awareness. Specifically, in 2024, TECHCOMBANK - one of the leading commercial banks in Vietnam, partnered with the program "Anh Trai Vượt Ngàn Chông Gai" and achieved outstanding success in the entire industry. TECHCOMBANK ranked Top 1 in the banking sector and saw exceptional growth for its newly launched product "Sinh Lời Tự Động." This successful first-time collaboration between YeaH1 and Techcombank opens up investment opportunities for both parties in prominent programs in 2025.

### f. Restructuring the entire Group and effectively managing costs

In addition to focusing on research and development of content products and new media and advertising services, the Executive Board has always identified restructuring, rebuilding the operational structure, and establishing a lean, flexible management system that adapts to the fast-changing industry as well as effectively controlling operational costs as top priorities in its management tasks.

The Executive Board has restructured the organization with specialized divisions and departments, focusing on key business areas and developing them in-depth rather than horizontally expanding. Human resources have been reviewed, and inefficient units have been downsized, while top-tier industry talents continue to be recruited to meet the growing business objectives. Templates and processes have been reviewed and newly issued to ensure unified operations and transparent management, aiming toward automation to increase work efficiency. The determination to restructure the Group and effectively manage costs has also been a key factor contributing to the business achievements in 2024.

### Investor Relations Activities

In addition to mandatory disclosures as required by regulations, shareholders are also informed and kept up to date on the Group's operations and strategic directions through the Investor Relations (IR) department. The IR team works closely with the Executive Board to ensure accurate and timely information is provided to shareholders.

In 2024, the IR department regularly met and held online discussions with various domestic and international funds and institutions. Key news and significant events regarding the Group's business activities were frequently updated on the Company's website, allowing investors and shareholders to stay informed in a timely manner.

Contact information for the Investor Relations department is presented in the Investor Information section of this annual report and is also fully updated in the Investor Relations section of the Group's official website at:

## Human Resources:

With a people-centric philosophy at the core of its sustainable development journey, YeaH1 continuously strives to enhance the quality of its working environment, creating optimal conditions for each employee to develop their full potential and pursue a well-defined career path. In the past year, YeaH1 proudly maintained its position in the "Top 100 Best Places to Work in Vietnam," marking the fifth consecutive year of being recognized as a leading employer brand. This achievement is a testament to the effective implementation of our five core values: Proactiveness – Creativity – Professionalism – Collaboration – Action.

# BUSINESS PERFORMANCE REPORT

---

## **a. Training Policies**

YeaH1 is strongly committed to investing in people through a wide range of comprehensive training programs aimed at maximizing individual capabilities and supporting the Group's sustainable growth. Our training programs include:

- Professional Training: Employees participate in specialized courses tailored to their job roles, enhancing their professional knowledge and skill sets.
- Soft Skills Training: Courses on effective communication, time management, teamwork, and problem-solving are regularly conducted to support well-rounded personal development.
- Leadership Training: Leadership development programs focus on building management skills, strategic thinking, and leadership capabilities for future leaders.

These programs are delivered flexibly through seminars, workshops, online classes, and internal training sessions, with the involvement of reputable training experts. YeaH1 continuously reviews and improves these programs based on employee feedback to ensure their relevance and effectiveness.

## **b. Compensation and Benefits Policy**

YeaH1 implements competitive compensation and benefits policies aimed at attracting, developing, and retaining talent. The Company's salary and bonus system is performance-based, ensuring fairness and transparency. In addition to base salaries, outstanding employees are recognized and rewarded through various attractive incentive programs, including the 13th-month bonus, performance bonuses, and awards for outstanding initiatives.

Comprehensive benefits include social insurance, health insurance, unemployment insurance, and additional health and accident insurance coverage. The Company also frequently organizes wellness activities, team-building events, and internal engagement programs to promote a healthy work-life balance and an ideal working environment.

## **c. Allowance Policy**

YeaH1 offers a diverse and practical system of allowances, including mobile phone and transportation allowances, birthday bonuses for both individuals and the Company's anniversary, as well as regular healthcare support policies. These allowances reflect the Company's genuine care, support, and long-term commitment to its employees, helping them feel secure and dedicated to the Group.

## **d. Healthcare Insurance Policy**

YeaH1 ensures comprehensive health and accident insurance for all employees, aligned with their management level. Employees are also encouraged to register for additional insurance packages for their family members. Notably, the annual health check-up program is regularly implemented to safeguard employees' well-being and work efficiency, demonstrating the Company's deep concern and responsibility for each individual at YeaH1.

## **Dividends**

The Group did not pay dividends in 2024.

# SUPERVISION AND EVALUATION BY THE BOD ON THE PERFORMANCE OF THE EXECUTIVE BOARD

## Supervisory Activities of the Board of Directors over the Executive Board

In 2024, with a proactive spirit, a strong sense of responsibility, and clearly defined goals, the Board of Directors (BOD) effectively carried out its supervisory duties over the Executive Board in managing, operating, and implementing strategic resolutions of the Annual General Meeting of Shareholders (AGM) and the BOD. The supervision was conducted in accordance with the Company Charter and Corporate Governance Regulations, thereby contributing significantly to the overall success of the Group.

## Supervision Methods

The BOD adopted various flexible and comprehensive supervisory methods to ensure effectiveness, enabling timely detection and support for adjustments in the Executive Board's governance and operational activities. Key supervisory activities included:

- Closely monitoring the formulation, adjustment, and execution of annual business plans to ensure alignment with the Group's long-term development strategies approved by the GMS.
- Thoroughly evaluating the process of strengthening the internal control system and risk management to proactively mitigate potential risks, safeguard asset value, and protect shareholder interests.

- Regularly reviewing and assessing the transparency, completeness, and accuracy of financial reporting to ensure strict compliance with accounting standards and legal regulations.
- Closely overseeing training and human resource development initiatives, especially the development of a high-quality succession team to ensure sustainable business growth
- Ensuring that resolutions and directives issued by the BOD were implemented on schedule, with clear focus and tangible results.

The supervision process was conducted continuously through monthly and quarterly meetings. In addition, direct communication channels such as email and phone exchanges were reinforced to promptly address and resolve emerging issues in practice.

# SUPERVISION AND EVALUATION BY THE BOD ON THE PERFORMANCE OF THE EXECUTIVE BOARD

## Supervision Outcomes

Based on detailed reports from the Executive Board and actual business performance, the BOD acknowledged the following notable achievements:

The Executive Board successfully exceeded business targets, demonstrating effective governance, dynamic leadership, and the ability to adapt swiftly to market fluctuations.

Amidst the highly competitive and challenging media advertising market, the leadership effectively implemented strategic solutions, including:

Accelerating diversification and continuous expansion of the media ecosystem, thereby enhancing market competitiveness and strengthening brand presence.

Increasing the production of creative and appealing content across various digital platforms. Several short-series programs received highly positive feedback, generated strong audience engagement, and built a loyal viewer community, laying a solid foundation for sustainable future growth.

Focusing on investing in and developing premium, high-quality content, notably the two flagship television programs, “Anh Trai Vượt Ngàn Chông Gai 2024” and “Chị Đẹp Đạp Gió 2024”, which created substantial market impact, captured widespread public interest, and delivered significant value for Yeah1’s strategic partners.

Risk management activities made remarkable progress through the implementation of enhanced control procedures and increased staff awareness and accountability.

Financial reports were prepared with high transparency and accuracy, fully complying with Vietnamese Accounting Standards and legal regulations, with no incidents of fraud or irregular transactions recorded.

Human resource governance and benefit policies were implemented fairly, transparently, and attractively, enabling the Group to attract and retain talent while building a capable successor team to meet future development demands.

# SUPERVISION AND EVALUATION BY THE BOD ON THE PERFORMANCE OF THE EXECUTIVE BOARD

## Evaluation of the Executive Board by the Board of Directors

The BOD conducted a comprehensive and in-depth evaluation of the Executive Board based on the following criteria:

Achievements in fulfilling strategic objectives and specific business targets.

Assessment of management capabilities and leadership skills across the following aspects:

Strategic planning and effective business plan execution.

Professional expertise, creativity, innovation, and adaptability to changing business environments.

Ability to foster strong internal relations and build positive external partnerships to support business operations.

The BOD's evaluation for 2024 affirmed that the Executive Board demonstrated outstanding governance capacity, successfully accomplished and surpassed the established business goals. The Executive Board significantly contributed to the Group's stable and sustainable development while consistently ensuring compliance with legal requirements, partner policies, and modern corporate governance standards.

# 03 DEVELOPMENT STRATEGY 2025

# DEVELOPMENT STRATEGY 2025

NO.	INDICATOR	ACTUAL 2024 (VND BILLION)	PLAN 2025 (VND BILLION)	GROWTH RATE (%)
1	Consolidated Revenue	1.026,1	1.300,0	26,7%
2	Profit After Tax	122,6	140,0	14,2%

**The Executive Board has thoroughly evaluated both subjective and objective factors, including:**

Achievements in 2024 of Premium Television Shows;

Strong foundations, core values successfully built, and formulas drawn from practical experiences;

The operational structure is organized with a high level of specialization, capable of adapting and evolving according to industry trends;

The development prospects of businesses and the potential for a slight increase in marketing expenditure compared to 2024; Continue to invest in the development of core production areas, establishing a sustainable foundation for future growth.

**The Executive Board has developed a business plan based on a cautious scenario as follows:**

The consolidated revenue for 2025 is projected to reach 1,300 billion VND, representing a growth of 26.7% compared to 2024, with the main contributions still coming from advertising and event organizations. The net profit is expected to reach 140 billion VND, an increase of 14.2% compared to 2024.

# DEVELOPMENT STRATEGY 2025

The key initiatives contributing to revenue and profit growth in 2025 are as follows:

## **(1) Continuing the production of the Anh Trai Vượt Ngàn Chông Gai concert series (Day 3, 4, 5...)**

to express gratitude for the love and support from audiences across the country, while also making a significant contribution to the Group's revenue growth. In countries with developed entertainment industries, the performing arts industry has always been a promising business sector, generating substantial profits. Building on the success of 2024, the Group continues to invest and improve its performance (concert) business to meet international standards, providing the experience of 'each concert being a cultural festival of Vietnam' for both Vietnamese and international audiences visiting Vietnam.

## **(2) Investing in the production of 2 high-quality television programs, specifically:**

The flagship television show “Tân Binh Toàn Năng”: This is a reality television program that seeks out musical talents in Vietnam, representing the new generation of Vietnamese artists aiming for international recognition. The show is expected to achieve new success, building on the refined values created by shows such as “Anh Trai Vượt Ngàn Chông Gai” and “Chị Đẹp Đạp Gió Rẽ Sóng”, while collaborating with top international experts from the South Korean entertainment industry.

The premium television show “Gia đình Haha” is a breath of fresh air with its healing content, inspiring the modern youth with stories of village relationships, the beauty of rural Vietnam, and outstanding regional specialties. The program also showcases the rich cultural traditions of the rural areas that the Haha family visits, along with touching stories about human connections. In addition, the show maintains its humor and entertainment value, particularly by incorporating music, with the participation of beloved stars like Anh Tài and Chị Đẹp, who have won the hearts of the audience.

**(3) Strengthen the development and distribution of “short and super-short, vertical format” content** to not only increase revenue from social media platforms and VOD but also serve as a medium for integrated brand advertising (PPL) and effectively converting customers.

## **(4) Expand major international partnerships in the industry:**

In 2025, YeaH1 and MangoTV (a subsidiary of Hunan Television, a leading entertainment content broadcaster) signed a strategic agreement to strengthen comprehensive cooperation in various fields such as production, localization of MangoTV's top formats (the two aforementioned TV shows), providing exclusive content for distribution in the Vietnamese market, supporting the development of

technology in content production and advertising, exchanging artists between the two Groups for television shows, and especially creating bridges for brands from both countries seeking to expand their business and customer base with each other.

YeaH1 and Sony Music Group also signed a strategic partnership at the beginning of the year to jointly develop music production and distribution, manage Vietnamese artists, as well as explore opportunities to bring Vietnamese artists to international markets.

YeaH1 and 153/Joombas (a leading music production, distribution, and training company in South Korea) have signed a strategic partnership to collaboratively develop Vietnamese talents and artists who meet international standards while preserving the essence of Vietnamese traditions. This strategic collaboration is expected to introduce the boy band formed from the show “Tân Binh Toàn Năng” (Show it all) to international markets, marking the beginning of V-pop's presence in the global music and performance industry.

## **(5) Investing in production infrastructure and developing platforms aimed at end users**

The Executive Board has also presented and received the approval of the Board of Management regarding the search for and long-term investment in leasing a film studio complex to serve the core content production business.

Investing in platforms for advertising services and end-users is a key objective for 2025. The Executive Board has launched key projects such as 1Creators, 1Game, and Employee Advocacy early in 2025 to ensure their timely launch within the year, establishing a foundation for sustainable growth alongside the diverse content production and multi-platform distribution business.

## **(6) Diversifying Advertising Service Packages and Customer Conversion Solutions for Brands**

In addition to premium television shows, the Group will diversify its content offerings such as Shorts, Gamification, Events, and Activation, allowing brands to access a variety of 'content' platforms. These will effectively convert customers and increase return on investment (ROI) for each marketing campaign. It can be confidently stated that the Group maintains its leading position in creating high-quality solutions for brands, not only achieving top-tier brand recognition but also maximizing the conversion rate of valuable customers.

# CORPORATE GOVERNANCE ACTIVITIES

---

The year 2024 is a pivotal one in the Group's sustainable development strategy.

The Group consistently adheres to corporate governance standards to ensure transparency, sustainability, and operational efficiency. Its governance framework complies with current legal regulations and is built upon best governance practices to protect shareholders' rights, enhance transparency, and ensure the company's long-term growth. The Group has strictly fulfilled its obligations regarding information disclosure, periodic financial reporting, corporate governance reporting, and shareholder relations activities.

At the Annual General Meeting of Shareholders 2024, the meeting approved the Working Regulations of the Annual General Meeting of Shareholders 2024 to ensure order, procedural clarity, and voting in compliance with regulations, contributing to the event's success

In addition, in alignment with corporate governance practices and the amended Law on Enterprises, the meeting also approved the Regulation on nomination, candidacy, and additional election of Board of Directors members for the term 2022–2027, along with the application forms for candidacy and nomination, ensuring a standardized and transparent process for nomination, candidacy, and election to the Board of Directors.

In 2024, the Board of Directors fully performed its responsibilities and functions in accordance with the Group's governance principles, the company's Charter, internal corporate governance regulations, and legal provisions, achieving significant results in the development and corporate governance strategy:

- **Business model innovation:** Especially in the field of digital media and multi-platform content production, ensuring stable revenue growth.
- **Risk management enhancement:** Strengthening risk control systems and ensuring compliance with legal regulations to minimize adverse impacts on the Group's operations.
- **Transparency and accountability:** Ensuring transparent disclosure of financial reports, governance reports, and essential information, thereby reinforcing the confidence of shareholders and partners.
- **Strengthening executive leadership development:** implementing key decisions on the appointment, training, and development of senior personnel to enhance management and operational capacity.

The Group continuously improves its internal control system to ensure transparency, mitigate potential transaction risks, and protect shareholders' rights.

Additionally, the Group's corporate governance model is founded on core values to optimize operational efficiency and establish a sustainable foundation:

- **Transparency and accountability:** Ensuring timely, complete, and accurate information disclosure, with clear accountability in all decisions.
- **Efficiency and sustainability:** Driving operational efficiency and sustainable development through the implementation of long-term strategies.
- **Innovation and creativity:** Fostering a culture of innovation and encouraging flexible business strategies to effectively respond to market dynamics.
- **Respect and cooperation:** Promoting close coordination among management bodies while prioritizing the interests of shareholders, partners, and employees across the Group.
- **Shareholder and customer orientation:** Placing shareholder interests at the core and striving to maximize shareholder value.

# STRUCTURE AND OPERATIONAL MECHANISM

The Group operates and maintains a corporate governance model under Clause 1, Article 137 of the Enterprise Law, with its key governing bodies including the General Meeting of Shareholders, the Board of Directors, the General Director, and the Board of Supervisors. They work closely together to ensure efficiency and consistency in corporate governance.

The General Meeting of Shareholders holds the highest authority, and the annual meeting of shareholders is convened once per year. The General Meeting of Shareholders has the right to make decisions on matters stipulated by law, the Company Charter, and corporate governance regulations. All common shareholders have the right to attend the General Meeting of Shareholders and have voting rights proportional to the number of common shares they hold.

The Board of Directors is elected by the General Meeting of Shareholders and is the highest governing body of the Group. The Board of Directors for the 2022–2027 term consists of five members. On May 6, 2024, at the 2024 Annual General Meeting of Shareholders, the meeting approved the dismissal of one member of the Board of Directors upon personal request and elected one additional member. As a result, as of May 6, 2024, the Board of Directors for the 2022–2027 term consists of five members, including two independent members who also serve as non-executive directors, ensuring compliance with regulations on corporate governance and securities.

May 6, 2024, the Board of Directors for the 2022–2027 term consists of five members, including two independent members who also serve as non-executive

directors, ensuring compliance with regulations on corporate governance and securities.

The Board of Directors operates based on the principles of transparency, accountability, and efficiency, following legal regulations, the Company Charter, and internal governance policies. The Board of Directors members have experience in corporate governance, media, finance, and technology. The Board of Directors plays a crucial role in representing and implementing the directives of the General Meeting of Shareholders, setting strategic directions, and supervising the operations of the Executive Board.

The Executive Board comprises experienced professionals with both expertise and managerial experience. Appointed by the Board of Directors, they are responsible for reporting to the General Meeting of Shareholders and the Board of Directors on the daily business operations of the Group within their assigned responsibilities and authority. On May 6, 2024, the Board of Directors appointed an additional Deputy General Director in charge of Digital Media. As a result, as of December 31, 2024, the Executive Board now consists of five members, including one General Director and four Deputy General Directors. In addition, the Executive Board is responsible for implementing resolutions and decisions made by the General Meeting of Shareholders and the Board of Directors.

The Group continuously enhances and reforms its governance structure and operational mechanisms to ensure efficient coordination, effective management, and alignment with strategic objectives.

## MACROECONOMIC RISKS

CONTENT	MANAGEMENT MEASURES
<p>In 2024, the global economy as well as Vietnam will continue to face several significant macro risks that considerably affect economic stability and development. Specifically:</p> <p><b>High inflation:</b> Inflation is expected to remain high in 2024, particularly in major economies and emerging markets. This could lead to increased living costs and affect global consumption.</p> <p><b>Tight monetary policy risks:</b> Maintaining high interest rates in 2024 has reduced consumer demand and investment, negatively impacting economic growth – especially in open economies like Vietnam.</p> <p><b>Global growth slowdown:</b> Economic growth in many major countries, particularly Vietnam’s trade partners, has slowed in 2024. This decreases global aggregate demand, directly affecting exports—especially for goods that depend on international demand.</p> <p><b>Global financial market volatility:</b> Major financial markets experienced volatility in 2024, driven by escalating political conflicts that pushed up prices for commodities, services, and energy. This poses obstacles in the fight against inflation in major economies such as the United States and Europe. In addition, factors such as debt crises in developed economies, sudden currency rate changes, and the uncertain recovery of emerging economies have led to divergent monetary policies among major economies like the United States, Europe, China, and Japan—thus undermining equity markets, impacting investment flows, and increasing instability in global financial markets.</p>	<p>Develop flexible response scenarios aligned with macro environment changes and business conditions, ensuring safe, efficient, and uninterrupted operations. Specific measures include:</p> <ul style="list-style-type: none"><li>• Adjusting pricing and cost strategies, strengthening cost control, and diversifying supply sources;</li><li>• Developing new products while enhancing service quality and marketing;</li><li>• Managing exchange rate risks and safeguarding capital through enhanced financial analysis and market monitoring, thereby ensuring flexibility in investment decisions.</li></ul>

ECONOMIC RISKS

CONTENT	MANAGEMENT MEASURES
<p>2024 shows a slight improvement in economic outlook compared to 2023. Vietnam’s GDP growth in Q4 2024 is estimated at 7.55% compared to the same period last year, with the full-year growth at 7.09% versus 2023 – exceeding targets – and the overall economic size reaching approximately USD 476.3 billion, ranking 33rd globally. The per capita income has reached USD 4,700.</p> <p>However, risks persist into 2025 due to global economic fluctuations and the tendency toward protectionism from the United States and other major economies, which might pressure Vietnam’s growth trajectory. The wave of layoffs that began in 2024 is expected to continue into 2025 in many companies, leading to thousands of job workers losing their jobs. In an environment marked by a shortage in essential spending, entertainment increasingly becomes a secondary need. A significant decline in spending on entertainment could lead to reduced revenues for fee-based entertainment sectors.</p>	<p>Implement cost-saving measures and optimize production and operational processes to maintain profitability amid reduced consumer spending. This could include automation, technological improvements, or restructuring work processes to reduce costs, thereby mitigating the adverse effects of weaker consumer demand and sustaining financial strength.</p> <p>Additionally, explore restructuring and developing entertainment products or services that match consumer needs and financial capacities. This may include developing online entertainment products, low-cost entertainment services, or high value-added products.</p>

EXCHANGE RATE RISKS

CONTENT	MANAGEMENT MEASURES
<p>The USD/VND exchange rate remained under significant pressure throughout 2024, adversely impacting the stock market by influencing investor decisions and affecting listed companies. Moreover, some business segments of the Company that are related to foreign markets are also exposed to exchange rate risks—specifically, risks tied to the USD/VND rate when major platform partners such as YouTube, Facebook, and Google are headquartered in the United States. Some specific impacts include:</p> <ul style="list-style-type: none"><li>• Increased input costs due to currency fluctuations;</li><li>• Exchange rate fluctuations affecting foreign currency revenues and payment costs for international partners;</li><li>• Risks to the value of international contracts;</li><li>• Risks from changes in international consumer spending;</li><li>• Risks from delays in foreign partner payments.</li></ul>	<p>Apply preventive measures such as researching and utilizing financial instruments, diversifying market bases, and managing costs to protect the Company from adverse currency fluctuations and maintain financial stability.</p>

### RISK OF DECLINE IN COMPETITIVE STRENGTH

CONTENT	MANAGEMENT MEASURES
<p>This is an important factor that businesses in the entertainment and media industry must face. Competition is becoming increasingly fierce, especially in a globalized environment and with rapid technological changes.</p> <p>This risk may arise from:</p> <ul style="list-style-type: none"><li>• Competition driven by technology and innovative breakthroughs;</li><li>• Changes in the behaviors and preferences of audiences, partners, and customers;</li><li>• The emergence of new competitors;</li><li>• Weak content management capabilities;</li><li>• Increased production and distribution costs;</li><li>• Dependence on traditional distribution channels.</li></ul>	<p>Invest in technology and innovation: apply new technologies and upgrade online platforms;</p> <p>Focus on research and development (R&amp;D): study market trends and consumer needs to develop new entertainment products.</p> <p>Diversify products and services: develop new products and services, and expand into international markets.</p> <p>Improve marketing and communication strategies: build a strong brand and enhance presence on digital platforms through digital marketing.</p> <p>Optimize production costs and efficiency: streamline production and distribution processes, and expand collaboration to share costs with industry partners.</p> <p>Build customer relationships: provide excellent customer care and prompt feedback, and adjust pricing and promotional strategies according to customer needs.</p>

### COMMUNICATION RISKS

CONTENT	MANAGEMENT MEASURES
<p>Communication risks typically relate to the failure to process, verify, or accurately manage information on mass media channels in a timely manner. This can lead to consequences such as:</p> <ul style="list-style-type: none"><li>• Loss of credibility and public trust, as well as among shareholders;</li><li>• Media crises that are difficult to recover from;</li><li>• Negative impacts on partner relationships and contractual agreements;</li><li>• The potential for litigation and legal issues;</li><li>• The dispersion of resources and increased costs for crisis management;</li></ul>	<p>Establish procedures to verify and confirm information before its release, ensuring that all data communicated is accurate and reliable.</p> <p>When incorrect information is identified, implement a timely response strategy, including the immediate correction of the misinformation through official channels (website, social media, press releases).</p> <p>Maintain a continuous monitoring and tracking system for information regarding the brand, products, or services on media platforms especially social media to detect misinformation early.</p> <p>Train employees and the communications team on how to manage misinformation and handle crises, particularly regarding controversial or negative information.</p> <p>In cases of severe misinformation incidents, the company may collaborate with experts or crisis communication consultants to handle the situation professionally and effectively.</p>

## BUSINESS STRATEGY RISKS

CONTENT	MANAGEMENT MEASURES
<p>Risks in business strategy may arise from various factors, including changes in the business environment, mismanagement decisions or failure to adapt timely to market trends and demands. Some of these risks include:</p> <ul style="list-style-type: none"><li>• A strategic mismatch with the market due to an inaccurate assessment of market demand or misdirected product/service orientation;</li><li>• Risks arising from changes in the economic and political environment due to economic fluctuations, policy changes, and new regulations;</li><li>• Competitive risks;</li><li>• Risks caused by weak management;</li><li>• Risks from technological innovation, where the business does not update technology in time or makes ineffective technology investments;</li><li>• Risks due to the inability to foresee external factors such as natural disasters, pandemics, or changes in consumer demand.</li></ul>	<p>Continuously monitor changes in the market, economy, political landscape, technology, and update legal regulations to adjust strategies promptly.</p> <p>Regularly evaluate and improve the implementation of the Company’s strategies to ensure they remain appropriate and effective.</p> <p>Build a strong, competent, and well-coordinated team while ensuring robust financial resources.</p> <p>Develop contingency plans and specific risk management strategies to respond to unexpected or unforeseeable situations.</p> <p>Strengthen partnerships and strategic alliances to maintain long-term relationships, thereby helping the company minimize competitive risks and share resources.</p>

# RISK MANAGEMENT REPORT 2024

OPERATIONAL RISK GROUP

## OPERATIONAL RISKS

CONTENT	MANAGEMENT MEASURES
Operational risks may arise from internal factors (management, resources, processes) or external factors (market, partners, legal environment). For example, there could be ineffective work processes, outdated or unreliable technology systems, or a lack of flexibility in procedures.	Develop standardized work procedures and internal control systems to ensure quality and operational efficiency.

RISKS OF CHANGES IN OPERATING POLICIES OF MAJOR DIGITAL PLATFORMS AND THE EMERGENCE OF NEW TECHNOLOGIES

CONTENT	MANAGEMENT MEASURES
<p>Changes in the operating policies of major digital platforms such as Facebook, Google, YouTube, TikTok, and the emergence of new technologies are factors that can significantly affect the company's operations and strategy, especially for business segments that rely on online platforms, technology, and digital marketing. These changes can impact business strategy, operational efficiency, and customer relationships.</p> <p>Platforms like Google and Facebook frequently update their algorithms, which may alter search rankings or content distribution. These changes can directly influence customer reach. Moreover, privacy and security policies may be revised—for example, by imposing restrictions on the collection and sharing of user data. This could affect the ability to access and use customer data to optimize marketing and advertising efforts.</p> <p>New technologies may replace existing methods or systems, creating risks if the business is not prepared. For example, advancements in artificial intelligence (AI) might automate tasks or replace traditional processes; if a company fails to adopt these new technologies in a timely manner, it may fall behind competitors.</p> <p>Conversely, investing in new technology without fully understanding its operation or applying it effectively may lead to resource wastage and diminished performance. Furthermore, technological innovations might require substantial investments without guaranteeing the anticipated returns.</p>	<p>Establish a system to continuously monitor and analyze the policies and changes of major digital platforms, so that marketing and advertising strategies can be proactively adjusted.</p> <p>Actively research, test, and deploy new technologies that align with the company's needs and strategic goals. This approach helps mitigate the risks associated with outdated technology.</p> <p>Build a diversified marketing strategy that includes various channels and platforms to mitigate risks in the event of sudden changes from any one platform.</p>

RISKS RELATED TO HUMAN RESOURCE MANAGEMENT

CONTENT	MANAGEMENT MEASURES
<p>Risks in human resource management are factors that can affect the operational efficiency and sustainable growth of the Company if not properly managed. Human resource management not only includes recruiting and training but also addresses issues such as talent retention, career development, performance management, and resolving matters related to labor relations. Some of these risks include:</p> <ul style="list-style-type: none"><li>• The risk of a shortage of quality talent;</li><li>• The risk related to training and developing human resources;</li><li>• The risk of employee dissatisfaction and low motivation;</li><li>• The risk in performance management;</li><li>• The risk arising from organizational changes and transformations;</li><li>• Legal and regulatory compliance risks in labor management.</li></ul>	<p>Build a strong recruitment brand using modern tools and platforms to reach potential candidates, while also developing attractive compensation policies to retain top talent.</p> <p>Develop comprehensive training programs that continuously update new skills and support career development to meet the growing needs of the Company and the industry.</p> <p>Establish clear and fair performance evaluation criteria to ensure that employees can see their progress in their roles and be appropriately rewarded.</p> <p>Create a positive work environment that encourages collaboration, creativity, and mutual respect, and implement incentive and reward programs to boost work motivation.</p> <p>Establish clear and transparent communication channels for resolving labor disputes, while fully complying with legal regulations related to employee rights.</p>

## RISK OF LOSING KEY CUSTOMERS

CONTENT	MANAGEMENT MEASURES
<p>The risk of losing important customers in the entertainment - media sector can be particularly severe due to intense competition and the rapidly changing nature of the industry. Some causes include:</p> <ul style="list-style-type: none"><li>• Unstable product or service quality;</li><li>• Changes in customer preferences and needs;</li><li>• Fierce competition from competitors;</li><li>• Service disruptions and poor user experience;</li><li>• Lack of innovation and creativity;</li><li>• Poor management of partner relationships.</li></ul>	<p>Continuously enhance the quality of products and services to ensure that key customers always receive the highest value from the Company's offerings.</p> <p>Establish communication channels to engage with customers and listen to their feedback in order to better understand their needs and expectations.</p> <p>Continuous innovation and creativity.</p> <p>Monitor and evaluate competitors to develop effective competitive strategies to maintain and increase market share.</p>

## RISK OF INFORMATION DISCLOSURE

CONTENT	MANAGEMENT MEASURES
<p>The risk of untimely, incomplete or inaccurate information disclosure is a critical factor that can have a negative impact on the business, especially for publicly listed companies. When information is not released on time or is incomplete and inaccurate, it can result in a loss of credibility and reduced trust among customers, shareholders, partners, and potential investors.</p>	<p>Develop a rigorous information disclosure process with clear steps for verifying and confirming information before release. These procedures must ensure that all data is verified for accuracy and disclosed in a timely manner.</p> <p>Ensure that all relevant departments work closely together to provide complete and accurate information.</p> <p>Ensure that all employees, particularly those in departments responsible for information disclosure, are properly trained on the legal requirements and regulations related to information dissemination.</p> <p>Regularly communicate with the spokesperson of the State Securities Commission and the Ho Chi Minh City Stock Exchange to verify that the disclosed information is complete, accurate, and timely.</p>

RISK OF COPYRIGHT INFRINGEMENT

CONTENT	MANAGEMENT MEASURES
Due to the unique nature of the Group's operations, intellectual property and copyright issues are critically important. There is a risk that the Group's digital content, copyrights, and trademarks may be copied or used without permission, which can directly impact the Group's revenue and reputation.	<p>Verify and ensure that all utilized content is properly licensed. This may include purchasing usage rights from copyright holders or producing content in-house.</p> <p>Establish procedures to check copyrights before using any content. Relevant departments (such as communications, marketing, and production) should collaborate to verify content ownership.</p> <p>Monitor and limit the use of materials and content provided by third parties, ensuring they are properly licensed and do not lead to copyright infringement.</p> <p>Train employees on the regulations related to copyrights as an important measure to mitigate infringement risks.</p> <p>Utilize digital tools or software to track the use of the Group's content across online platforms.</p> <p>Ensure that contracts include clear clauses on usage rights and copyright protection to avoid risks from partners using content without proper authorization.</p>

RISK OF INFORMATION SECURITY

CONTENT	MANAGEMENT MEASURES
The integration and application of numerous new technology systems into the Group's business operations may increase the complexity and difficulty in controlling cybersecurity risks, especially in the digital content sector where managing and protecting customer data, creative content, and business information is of utmost importance. New risks may emerge and overwhelm existing internal control systems.	<p>Implement modern security solutions such as data encryption, firewall systems, antivirus software, and network monitoring tools to detect and prevent cyberattacks.</p> <p>Train employees on security threats and the procedures for protecting information. Staff must clearly understand the data protection measures and how to respond in case of an incident.</p> <p>Develop internal security policies to guide employees on how to handle and protect information.</p>

# 05 SUSTAINABLE DEVELOPMENT REPORT

5.1. Environmental responsibility	75
5.2. Responsibility to employees and community	76
5.3. Sustainable Development Strategy 2025	78

# ENVIRONMENTAL RESPONSIBILITY

YeaH1, along with each individual and member company, is fully committed to complying with environmental laws in all production and business activities. To uphold this commitment, the Group adheres to the following principles:

Does not cooperate with or sign contracts with any organization or individual that violates environmental laws or is publicly condemned for environmental protection issues.

Strictly controls all types of waste generated from business activities, ensuring proper disposal processes according to regulations.

Reviews, reduces, and optimizes the use of resources, especially non-renewable resources, to minimize environmental impact.

Raises awareness among employees about their responsibility to protect and develop the environment, while regularly evaluating the environmental activities of member units to promote effective implementation.

Considers sponsoring organizations and individuals engaged in environmental protection and development activities, depending on the financial situation of the Group.

# RESPONSIBILITY TO EMPLOYEES AND COMMUNITY

At YeaH1, each individual is regarded not only as a key contributor to our operations but also as a responsible citizen of the broader community. We are committed to cultivating a corporate culture that upholds social values and encourages employees to actively engage in sustainable development initiatives.

## 1. Participation in Voluntary and Community Activities

YeaH1 fosters a supportive environment where employees are encouraged to contribute to society through various volunteer efforts, including:

Organizing internal donation drives, such as fundraising and collecting essential items to support underprivileged children and communities affected by natural disasters or public health crises;

Collaborating with healthcare organizations to facilitate blood donation campaigns;

Offering mentorship, training, and internship opportunities to students and recent graduates.

## 2. Promoting Ethics and Corporate Culture

We uphold a workplace culture rooted in ethical conduct, transparency, and mutual respect. To reinforce these values, YeaH1:

Implements fair and transparent recognition policies to honor ethical behavior and positive contributions to corporate culture;

Conducts internal training programs to raise awareness of social responsibility;

Encourages integrity, fairness, and respect in all professional interactions;

Builds an open feedback system to receive suggestions and report ethical concerns, contributing to continuous improvement.

## 3. Contributing to Socio-Economic Development

YeaH1 employees contribute to long-term economic and social progress through:

Full compliance with tax obligations and legal regulations;

Initiating and supporting socially responsible business practices;

Partnering with academic institutions to nurture future talent;

Donating time and expertise to community development initiatives, especially in education and entrepreneurship.

# RESPONSIBILITY TO EMPLOYEES AND COMMUNITY

YeaH1, together with each individual and its member companies, is fully committed to strictly complying with environmental laws and regulations across all business and production activities. To fulfill this commitment, the Group consistently adheres to the following principles:

## 4. Fostering an Inclusive and Equitable Work Environment

We are dedicated to creating a workplace that values diversity, equity, and inclusion, and to extending these values to the wider community through:

- Fair and inclusive recruitment and development policies;
- Diversity and anti-bias training programs to raise awareness and reduce prejudice;
- Internal support networks that promote understanding and belonging among employees;
- Anonymous feedback channels to ensure safe reporting of discrimination or unfair practices.

## 5. Commitment to Sustainable Development

Our employees actively contribute to YeaH1's sustainability goals by:

- Adopting digital solutions to minimize paper use and streamline operations;
- Choosing environmentally friendly products and energy-efficient equipment;
- Reducing plastic waste and conserving energy in daily work practices;
- Promoting the use of eco-friendly transportation and proposing innovative solutions for sustainable operations.

# SUSTAINABLE DEVELOPMENT STRATEGY 2025

Aiming to become the leading digital media group in Vietnam, expanding regionally and integrating globally, YeaH1 has set forth seven key development goals for this year. These include: developing premium content, digital entertainment content, talent training and management, expanding multi-channel content distribution, building a direct-to-user platform, and implementing a value-added content strategy.

To sustainably realize these goals, the Group is committed to continuous effort, creativity, and responsibility through four core orientations:

**High-quality human resources:** Focus on building a talented, professional, and dedicated workforce – as people are the foundation of every sustainable success within the organization.

**Modern content production and technology infrastructure:** Continuously invest in and upgrade production and technical infrastructure, keeping up with new trends to gain a competitive advantage in the digital media industry.

**Strong financial capacity:** Maintain financial stability and flexibility to ensure resources for long-term development plans.

**Development of strategic partnerships:** In the context of economic volatility, establishing strong collaborative relationships serves as a guiding principle, enabling YeaH1 and its partners to expand influence and achieve significant breakthroughs in their growth journey.

# REPORT OF MANAGEMENT

Management of Yeah1 Group Corporation (“the Company”) is pleased to present its report and the consolidated financial statements of the Company and its subsidiaries (“the Group”) for the year ended 31 December 2024.

## MANAGEMENT’S RESPONSIBILITY IN RESPECT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Management is responsible for the consolidated financial statements of each financial year which give a true and fair view of the consolidated financial position of the Group and of the consolidated results of its operations and its consolidated cash flows for the year. In preparing those consolidated financial statements, management is required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the consolidated financial statements; and
- Prepare the consolidated financial statements on the going concern basis unless it is inappropriate to presume that the Group will continue its business.

Management is responsible for ensuring that proper accounting records are kept which disclose, with reasonable accuracy at any time, the consolidated financial position of the Group and ensuring that the accounting records comply with the applied accounting system. It is also responsible for safeguarding the assets of the Group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Management confirmed that it has complied with the above requirements in preparing the accompanying consolidated financial statements.

# REPORT OF MANAGEMENT

## STATEMENT BY MANAGEMENT

Management does hereby state that, in its opinion, the accompanying consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2024 and of the consolidated results of its operations and its consolidated cash flows for the year then ended in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and the statutory requirements relevant to the preparation and presentation of the consolidated financial statements.

For and on behalf of Management:

Ngô Thị Văn Hạnh  
General Director

Ho Chi Minh City, Vietnam

31 March 2025

**To: The Shareholders of Yeah1 Group Corporation**

We have audited the accompanying consolidated financial statements of Yeah1 Group Corporation (“the Company”) and its subsidiaries (collectively referred to as “the Group”) as prepared on 31 March 2025 and set out on pages 6 to 73, which comprise the consolidated balance sheet as at 31 December 2024, the consolidated income statement and the consolidated cash flow statement for the year then ended and the notes thereto.

**Management’s responsibility**

The Company’s management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and the statutory requirements relevant to the preparation and presentation of the consolidated financial statements, and for such internal control as management determines is necessary to enable the preparation and presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

**Auditors’ responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Vietnamese Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors’ judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Group's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## Opinion

In our opinion, the consolidated financial statements give a true and fair view, in all material respects, of the consolidated financial position of the Group as at 31 December 2024, and of the consolidated results of its operations and its consolidated cash flows for the year then ended in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and the statutory requirements relevant to the preparation and presentation of the consolidated financial statements.

## 2. BASIS OF PREPARATION

### 2.1 Accounting standards and system

The consolidated financial statements of the Group, expressed in Vietnam dong (“VND”), are prepared in accordance with Vietnamese Enterprise Accounting System and Vietnamese Accounting Standards issued by the Ministry of Finance as per:

- Decision No. 149/2001/QD-BTC dated 31 December 2001 on the Issuance and Promulgation of Four Vietnamese Accounting Standards (Series 1);
- Decision No. 165/2002/QD-BTC dated 31 December 2002 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 2);
- Decision No. 234/2003/QD-BTC dated 30 December 2003 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 3);
- Decision No. 12/2005/QD-BTC dated 15 February 2005 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 4); and
- Decision No. 100/2005/QD-BTC dated 28 December 2005 on the Issuance and Promulgation of Four Vietnamese Accounting Standards (Series 5).

Accordingly, the accompanying consolidated financial statements, including their utilisation are not designed for those who are not informed about Vietnam’s accounting principles, procedures and practices and furthermore are not intended to present the consolidated financial position and the consolidated results of operations and the consolidated cash flows of the Group in accordance with accounting principles and practices generally accepted in countries other than Vietnam.

### 2.2 Applied accounting documentation system

The Group’s applied accounting documentation system is the General Journal system.

### 2.3 Fiscal year

The Group’s fiscal year applicable for the preparation of its consolidated financial statements starts on 1 January and ends on 31 December.

### 2.4 Accounting currency

The consolidated financial statements are prepared in VND which is also the Group’s accounting currency.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

AS AT AND FOR THE YEAR ENDED 31 DECEMBER 2024

## **2.5 Basis of consolidation**

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries for the year ended 31 December 2023.

Subsidiaries are fully consolidated from the date of acquisition, being the date on which the Group obtains control, and continued to be consolidated until the date that such control ceases.

The financial statements of subsidiaries are prepared for the same reporting year as the parent company, using consistent accounting policies. All intra-company balances, income and expenses and unrealized gains or losses resulted from intra-company transactions are eliminated in full.

Non-controlling interests represent the portion of profit or loss and net assets not held by the Group and are presented separately in the consolidated income statement and within equity in the consolidated balance sheet.

Impact of change in the ownership interest of a subsidiary, without a loss of control, is recorded to the account of undistributed earnings.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

AS AT AND FOR THE YEAR ENDED 31 DECEMBER 2024

## 3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### 3.1 *Cash and cash equivalents*

Cash and cash equivalents comprise cash on hand, cash in banks and short-term, highly liquid investments with an original maturity of not more than three months that are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value.

### 3.2 *Receivables*

Receivables are presented in the consolidated balance sheet at the carrying amounts due from customers and other debtors, after provision for doubtful debts.

The provision for doubtful debts represents amounts of outstanding receivables at the balance sheet date which are doubtful of being recovered. Increases or decreases to the provision balance are recorded into general and administrative expense account in the consolidated income statement. When bad debts are determined as unrecoverable and accountant written off those bad debts, the differences between the provision for doubtful receivables previously made and historical cost of receivables are included in the consolidated income statement.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

AS AT AND FOR THE YEAR ENDED 31 DECEMBER 2024

## 3.3 Inventories

Inventories are measured at their historical costs. The cost of inventories comprises costs of purchase, costs of conversion incurred in bringing the inventories to their present location and condition.

Inventories are stated at the lower of cost incurred in bringing each product to its present location and condition, and net realisable value. Net realisable value ("NRV") represents the estimated selling price in the ordinary course of business less the estimated costs to complete and the estimated costs necessary to make the sale.

The perpetual method is used to record inventories, which are valued as follows:

- Merchandises and program copyrights: cost of purchase and produce on specific identification basis;
- Work-in process: cost of semi products on a specific identification basis or weighted average basis, depend on the categories of expenses.

## **Provision for obsolete inventories**

An inventory provision is created for the estimated loss arising due to the impairment of value (through diminution, damage, obsolescence, etc.) of raw materials, finished goods, and other inventories owned by the Group, based on appropriate evidence of impairment available at the consolidated balance sheet date.

Increases or decreases to the provision balance are recorded into the cost of goods sold account in the consolidated income statement. When inventories are expired, obsolescence, damage or become useless, the difference between the provision previously made and the historical cost of inventories are included in the consolidated income statement.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

AS AT AND FOR THE YEAR ENDED 31 DECEMBER 2024

## 3.4 *Tangible fixed assets*

Tangible fixed assets are stated at cost less accumulated depreciation.

The cost of a tangible fixed asset comprises its purchase price and any directly attributable costs of bringing the tangible fixed asset to working condition for its intended use.

Expenditures for additions, improvements and renewals are added to the carrying amount of the assets and expenditures for maintenance and repairs are charged to the consolidated income statement as incurred.

When tangible fixed assets are sold or retired, any gain or loss resulting from their disposal (the difference between the net disposal proceeds and the carrying amount) is included in the consolidated income statement.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

AS AT AND FOR THE YEAR ENDED 31 DECEMBER 2024

## 3.5 Leased assets

The determination of whether an arrangement is, or contains a lease is based on the substance of the arrangement at inception date and requires an assessment of whether the fulfilment of the arrangement is dependent on the use of a specific asset and the arrangement conveys a right to use the asset.

A lease is classified as a finance lease whenever the terms of the lease transfer substantially all the risks and rewards of ownership of the asset to the lessee. All other leases are classified as operating leases.

### ***Where the Group is the lessee***

Rentals under operating leases are charged to the consolidated income statement on a straight-line basis over the lease term.

## 3.6 Intangible assets

Intangible assets are stated at cost less accumulated amortization.

The cost of an intangible asset comprises its purchase price and any directly attributable costs of preparing the intangible asset for its intended use.

Expenditures for additions, improvements are added to the carrying amount of the assets and other expenditures are charged to the consolidated income statement as incurred.

When intangible assets are sold or retired, any gain or loss resulting from their disposal (the difference between the net disposal proceeds and the carrying amount) is included in the consolidated income statement.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

AS AT AND FOR THE YEAR ENDED 31 DECEMBER 2024

### 3.7 Depreciation and amortisation

Depreciation of tangible fixed assets and amortisation of intangible assets are calculated on the straight-line basis over the estimated useful life of each asset as follows:

Trademarks, brand names	10 - 44 years
Machinery and equipment	3 - 10 years
Means of transportation	3 - 10 years
Copyrights	5 years
Office equipment	3 - 10 years
Computer software	5 - 6 years
Buildings and structures	5 years

### 3.8 Construction in progress

Construction in progress represents costs directly attributable to the to the installation or construction of the asset for production, rental or administrative purposes which have not been completed yet as at the balance sheet date. Construction in progress is not amortized until it's completed and get ready for use.

### 3.9 Borrowing costs

Borrowing costs consist of interest and other costs that the Group incurs in connection with the borrowing of funds, which are recorded as expense during the year in which they are incurred.

### 3.10 Prepaid expenses

Prepaid expenses are reported as short-term or long-term prepaid expenses on the consolidated balance sheet and amortized over the period for which the amounts are paid or the period in which economic benefits are generated in relation to these expenses.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

AS AT AND FOR THE YEAR ENDED 31 DECEMBER 2024

## 3.10 Prepaid expenses (continued)

The following types of expenses are recorded as long-term prepaid expense and are amortised to the consolidated income statement:

## 3.11 Business combinations and goodwill

Business combinations are accounted for using the purchase method. The cost of a business combination is measured as the fair value of assets given, equity instruments issued, and liabilities incurred or assumed at the date of exchange plus any costs directly attributable to the business combination. Identifiable assets and liabilities and contingent liabilities assumed in a business combination are measured initially at fair values at the date of business combination.

Goodwill acquired in a business combination is initially measured at cost being the excess of the cost the business combination over the Group's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities. If the cost of a business combination is less than the fair value of the net assets of the subsidiary acquired, the difference is recognized directly in the consolidated income statement. After initial recognition, goodwill is measured at cost less any accumulated amortization. Goodwill is amortized over 10-year period on a straight-line basis. The parent company conducts the periodical review for impairment of goodwill of investment in subsidiaries. If there are indicators of impairment loss incurred is higher than the yearly allocated amount of goodwill on the straight-line basis, the higher amount will be recorded in the consolidated income statement.

## 3.12 Investments

### *Investments in associates*

The Group's investment in associates is accounted for using the equity method of accounting. An associate is an entity in which the Group has significant influence that is neither subsidiaries nor joint ventures. The Group generally deems they have significant influence if they have over 20% of the voting rights.

Under the equity method, the investment is carried in the consolidated balance sheet at cost plus post acquisition changes in the Group's share of net assets of the associates. Goodwill arising on acquisition of the associate is included in the carrying amount of the investment. Goodwill is not amortized and subject to annual review for impairment. The consolidated income statement reflects the share of the post-acquisition results of operation of the associate.

The share of post-acquisition profit (loss) of the associates is presented on face of the consolidated income statement and its share of post-acquisition movements in reserves is recognized in reserves. The cumulative post-acquisition movements are adjusted against the carrying amount of the investment. Dividends receivable from associates reduce the carrying amount of the investment.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

AS AT AND FOR THE YEAR ENDED 31 DECEMBER 2024

## **3.12 Investments (continued)**

### ***Investments in associates (continued)***

The financial statements of the associates are prepared for the same reporting period and use the same accounting policies as the Group. Where necessary, adjustments are made to bring the accounting policies in line with those of the Group.

### ***Investments in other entities***

Investments in other entities are carried at cost.

### ***Provision for diminution in value of investments***

Provision for diminution in value of the investment is made when there are reliable evidence of the diminution in value of those investments at the balance sheet date.

Increases or decreases to the provision balance are recorded as finance expense in the consolidated income statement.

### ***Held-to-maturity investments***

Held-to-maturity investments are stated at their acquisition costs. After initial recognition, held-to-maturity investments are measured at recoverable amount. Any impairment loss incurred is recognized as finance expenses in the consolidated income statements and deducted against the value of such investments.

## **3.13 Payables and accruals**

Payables and accruals are recognized for amounts to be paid in the future for goods and services received, whether or not billed to the Group.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

AS AT AND FOR THE YEAR ENDED 31 DECEMBER 2024

## 3.14 Foreign currency transactions

Transactions in currencies other than the Group's reporting currency of VND are recorded at the actual transaction exchange rates at transaction dates which are determined as follows:

- Transactions resulting in receivables are recorded at the buying exchange rates of the commercial banks designated for collection;
- Transactions resulting in liabilities are recorded at the selling exchange rates of the commercial banks designated for payment.

At the end of the year, monetary balances denominated in foreign currencies are translated at the actual transaction exchange rates at the balance sheet dates which are determined as follows:

- Monetary assets are translated at buying exchange rate of the commercial bank where the Group conducts transactions regularly; and
- Monetary liabilities are translated at selling exchange rate of the commercial bank where the Group conducts transactions regularly.

All foreign exchange differences incurred are taken to the consolidated income statement.

## 3.15 Appropriation of net profit

Net profit after tax is available for appropriation to shareholders after approval in the annual general meeting, and after making appropriation to reserve funds in accordance with the Group's Charter and Vietnam's regulatory requirements.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

AS AT AND FOR THE YEAR ENDED 31 DECEMBER 2024

## **3.16 Share capital**

### **Ordinary shares**

Ordinary shares are recognised at issuance price less incremental costs directly attributable to the issue of shares, net of tax effects. Such costs are recognised as a deduction from share premium.

### **Share premium**

Share premium is the difference between the par value and the issuance price of the shares, minus the actual expenses incurred for the issuance of the shares.

## **3.17 Revenue recognition**

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Group and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, excluding trade discount, rebate and sales return. The following specific recognition criteria must also be met before revenue is recognized:

### **Sale of goods**

Revenue is recognized when the significant risks and rewards of ownership of the goods have passed to the buyer.

### **Rendering of services**

Revenue is recognized upon completion of the services rendered.

### **Interest income**

Interest income is recognized as the interest accrues (taking into account the effective yield on the asset) unless collectability is in doubt.

### **Dividend income**

Dividend income is recognised when the Group's entitlement as an investor to receive the dividend is established.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

AS AT AND FOR THE YEAR ENDED 31 DECEMBER 2024

## 3.18 Taxation

### **Current income tax**

Current income tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted as at the balance sheet date.

Current income tax is charged or credited to the consolidated income statement, except when it relates to items recognized directly to equity, in which case the current income tax is also dealt with in equity.

Current income tax assets and liabilities are offset when there is a legally enforceable right for the Group to set off current tax assets against current tax liabilities and when the Group intends to settle its current tax assets and liabilities on a net basis.

### **Deferred tax**

Deferred tax is provided using the liability method on temporary differences at the balance sheet date between the tax base of assets and liabilities and their carrying amount for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences.

Deferred tax assets are recognized for all deductible temporary differences, carried forward unused tax credit and unused tax losses, to the extent that it is probable that taxable profit will be available against which deductible temporary differences, carried forward unused tax credit and unused tax losses can be utilized.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred income tax asset to be utilized. Previously unrecognized deferred tax assets are re-assessed at each balance sheet date and are recognized to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

AS AT AND FOR THE YEAR ENDED 31 DECEMBER 2024

## 3.18 Taxation (continued)

### Deferred tax (continued)

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized, or the liability is settled based on tax rates and tax laws that have been enacted at the balance sheet date.

Deferred tax is charged or credited to the consolidated income statement, except when it relates to items recognized directly to equity, in which case the deferred tax is also dealt with in the equity account.

Deferred tax assets and liabilities are offset when there is a legally enforceable right for the Group to off-set current tax assets against current tax liabilities and when they relate to income taxes levied on the same taxable entity by the same taxation authority on either the same taxable entity or when the Company intends either to settle current tax liabilities and assets on a net basis or to realize the assets and to settle the liabilities simultaneously, in each future year in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

## 3.19 Earnings per share

Earnings per share amounts are calculated by dividing net profit after tax for the year attributable to ordinary shareholders of the Group (after adjusting for the bonus and welfare fund) by the weighted average number of ordinary shares outstanding during the year.

Diluted earnings per share amounts are calculated by dividing the net profit after tax attributable to ordinary equity holders of the Group by the weighted average number of ordinary shares outstanding during the year plus the weighted average number of ordinary shares that would be issued on conversion of all the dilutive potential ordinary shares into ordinary shares.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

AS AT AND FOR THE YEAR ENDED 31 DECEMBER 2024

## 3.20 Segment information

A segment is a component determined separately by the Group which is engaged in providing products or related services (business segment) or providing products or services in a particular economic environment (geographical segment), that is subject to risks and returns that are different from those of other segments. The Group's principal business segments include leasing and providing industrial park utilities, selling goods and finished products, providing construction, and consulting services, and making financial investments in other sectors.

## 3.21 Related parties

Parties are considered to be related parties of the Group if one party has the ability to, directly or indirectly, control the other party or exercise significant influence over the other party in making financial and operating decisions, or when the Group and other party are under common control or under common significant influence. Related parties can be enterprises or individuals, including close members of their family.

## 10. OTHER RECEIVABLES (CONTINUED)

(i) In accordance with the Debt Offsetting Minute dated 22 December 2023, the Company, Vietnam Television Cable Joint Stock Company (“VTVcab”) and STV agreed to offset the capital contribution obligations of VTVcab under BCC as stated in Note (iv) amounting to VND 26,163,157,895 with STV's account payable due to VTVcab. Accordingly, the Company recognized a receivable due from STV. This receivable together with the trade receivables and loan receivables as presented in Notes 7 and 9 are secured by shares of the listed company owned by third parties under Guarantee Agreement No. 921/2408/TTBL/YEG-HVUC-ĐĐT dated 22 August 2024.

(ii) It represents the business cooperation contract regarding building and trading Hung Vuong Square project at No. 100, Hung Vuong Street, Ward 9, District 5, Ho Chi Minh City between the Company and Tan An Dong Sai Gon Investment Company Limited as the investor (formerly known as Huong Huong Trading Service Co., Ltd). The total investment of the project is VND 50,000,000,000, in which, the Company contributes 35% of the total investment, equivalent to VND 17,500,000,000 and the investor agrees to contribute 65% of the remaining investment, equivalent to VND 32,500,000,000.

On 21 December 2018, the Company and Tan An Dong Sai Gon Investment Company Limited agreed to liquidate the project and liquidate the business cooperation contract. The liquidation period is within 6 months from 21 December 2018. At the date of approval of the consolidated financial statements, the Company was still carrying out procedures for liquidation of this business cooperation contract and recover the capital of this investment. However, Board of Director had decided to make a full provision for this investment and its interest receivables of VND 2,100,000,000.

(iii) In accordance with the Delegation Contract No 539-2309-HĐNT-YEG-STVPRO dated 1 July 2023 and Contract No 66-2402-HĐTH-YEG-STVPRO date 1 December 2023, the Group authorize STVPro to produce and carry out communication and commercial activities for the Projects as mentioned in Note (v) below. This receivable has arisen from payment and collection relating to the Projects made by STVPro on behalf of the Group as indicated in the offsetting minute.

(iv) According to the Resolution of the Director of Netlink Online Corporation, a company established in Singapore, the Group is eligible to a remaining dividend receivable of VND 7,213,801,925; with payment term within 24 months from 29 December 2021 and extended until 1 November 2025.

(v) This is a long-term deposit within 5 years to ensure the receive of land use rights and construction works with office functions at No. 140 Nguyen Van Thu Street, Ka Dao Ward, District 1, Ho Chi Minh City as prescribed in Contract No. 1456/2024/HDDC/YEG-SG3 dated 29 December 2024 related to the Land use rights Certificate No. CI426639 .

## 34. CORPORATE INCOME TAX

### 34.2 Current CIT

The current tax payable is based on taxable income for the current year. The tax income of the Company and its subsidiaries for the year differs from the profit as reported in the consolidated income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are not taxable or deductible. The Company and its subsidiaries' liability for current tax is calculated using tax rates that have been enacted by the balance sheet date.

## 37. SEGMENT INFORMATION

The primary segment reporting format is determined to be business segments as the Group's risks and rates of return are affected predominantly by differences in the products and services produced. Secondary information is reported geographically. The operating businesses are organised and managed separately according to the nature of the products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets.

The Group mainly operates in the fields of media and entertainment and provide digital content distribution rights.

Transfer prices between business segments are set on an arm's length basis in a manner similar to transactions with third parties. Segment revenue, segment expense and segment result include transfers between business segments. Those transfers are eliminated in preparation of the consolidated financial statements.
